# Safety Instruction Guide for 6INCH SKELETONIZED TUBE JMAC CUSTOMS

## Introduction

Thank you for choosing the JMAC Customs 6INCH SKELETONIZED TUBE. This product is designed to enhance the functionality of your firearm while ensuring safety during use. Please read this safety instruction guide carefully to understand how to use, install, and dispose of the product safely.

## General Safety Guidelines

- Ensure that the product is used only by individuals who are familiar with firearms and firearm accessories.
- Always handle firearms in a safe manner, following all relevant laws and regulations.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for any signs of wear or damage before use.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about any recall updates regarding the product via the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always ensure the firearm is unloaded before installing or removing the skeletonized tube.
- Do not exceed the manufacturer's recommended weight limits for stocks or braces attached to the tube.
- Be aware of the potential for sharp edges during installation; handle with care.
- Ensure that the adapter is properly secured to prevent any accidental detachment during use.
- If you notice any unusual behavior or malfunction of the product during use, cease use immediately and consult a professional.

## Instructions for Installation and Usage

### Installation Steps

1. **Preparation:** Ensure that your firearm is unloaded and placed on a stable surface.
2. **Remove Existing Buffer Tube:** If applicable, remove the existing buffer tube from your firearm by following the manufacturer's instructions.
3. **Select Adapter:** If your firearm does not have a 1913 attachment rail, choose the appropriate adapter for your model.
4. **Attach Skeletonized Tube:**
  - Align the skeletonized tube with the buffer tube extension.
  - Securely attach the tube by tightening the locking mechanism as per the manufacturer's guidelines.
5. **Check Stability:** After installation, check that the tube is securely attached and does not wobble.
6. **Attach Stock or Brace:** Follow the manufacturer's instructions to attach your M4 style stock or brace to the skeletonized tube.

### Usage Guidelines

- Always ensure that the stock or brace is properly locked in place before use.
- Familiarize yourself with the folding mechanism to ensure smooth operation.
- Use the integrated QD sling sockets as intended to secure slings safely.

## Disposal Instructions

- Dispose of the product in accordance with local regulations regarding electronic and metal waste.
- Do not dispose of the product in regular household waste.
- If you are unsure about disposal methods, contact local waste management authorities for guidance.

## Contact Information for Further Support

For any further assistance or inquiries regarding the 6INCH SKELETONIZED TUBE, please refer to the manufacturer's website or contact their support team. Always ensure that you have the product details ready for a more efficient response.

By following these safety instructions, you can ensure safe and effective use of the JMAC Customs 6INCH SKELETONIZED TUBE. Thank you for your attention to safety.
