

AR-15 WORKHORSE HANDGUARDS M-LOK - BATTLE ARMS DEVELOPMENT INC. WORKHORSE 13 FREE FLOAT HANDGUARD ALUMINUM BLACK

[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

The WORKHORSE® M-LOK® compatible rail system was designed to be a lightweight and slimline option to be used on MIL-SPEC carbines available on the market today. With M-LOK® mounting options at the 3, 6, and 9 o'clock positions and skeletonized areas where M-LOK® is not used, this handguard not only offers function but shaves weight where it is not needed. Battle Arms still maintain 1913 MIL-SPEC Picatinny rail at the 12 o'clock position that we "notch cut" to match our upper receiver and reduce weight again. Offered in multiple lengths to accommodate different barrel lengths and different needs, the WORKHORSE® offers everything you need and nothing you don't. Material: 6061 T6 Aluminum Length: 4", 6.7", 9.5", 13", 15" Internal Diameter: 1.36" Finish: Type 3 Black Hardcoat Anodize Attachment Type: M-LOK® Installation Torque Recommendations Barrel Nut 30-45 ft-lbs Screws 10-15 in-lbs

AR15 WORKHORSE HANDGUARDS MLOK BATTLE ARMS DEVELOPMENT INC. Safety Instruction Guide

Introduction

Thank you for choosing the WORKHORSE® MLOK® compatible handguard by Battle Arms Development Inc. This safety instruction guide is designed to ensure your safe use of the product in compliance with the EU General Product Safety Regulation (GPSR). Please read this guide carefully before installation and use.

General Safety Guidelines

- Ensure the product is used according to the manufacturer's instructions to prevent accidents or injuries.
- Regularly inspect the handguard for any signs of wear or damage before each use.
- Keep the handguard out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the appropriate authorities.
- Check the EU's Safety Gate platform for any recall updates related to this product.

Specific Safety Precautions for Use

- Do not exceed the recommended installation torque for the barrel nut (3045 ftlbs) and screws (1015 inlbs) to avoid damage.
- Ensure that the handguard is compatible with your specific AR15 model before installation.
- Avoid using the handguard with accessories that exceed its weight capacity.
- Be cautious of sharp edges during installation and handling.
- Always wear appropriate personal protective equipment (PPE) when installing or handling the handguard.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and components before beginning the installation.
- Ensure the firearm is unloaded and the chamber is clear.

2. Installation Steps:

- Remove the existing handguard from your AR15.
- Align the WORKHORSE® handguard with the barrel nut.
- Secure the handguard using the provided screws, ensuring not to exceed the recommended torque specifications.
- Verify that the handguard is securely attached and does not move.

3. Usage:

- Once installed, ensure that all accessories mounted on the handguard are properly secured.
- Regularly check the tightness of screws and the integrity of the handguard during use.
- If you notice any damage or unusual wear, discontinue use immediately and consult a professional.

Disposal Instructions

- Dispose of the handguard in accordance with local regulations regarding aluminum waste.
- Ensure that any packaging materials are recycled or disposed of responsibly.

Contact Information for Further Support

For any questions or concerns regarding the safety and use of the WORKHORSE® handguard, please refer to the manufacturer's contact information provided with your product packaging.

Thank you for prioritizing safety and compliance while using the WORKHORSE® MLOK® compatible handguard. Your attention to these guidelines ensures a safer experience.
