# Safety Instruction Guide for SLIDE COMPLETION KITS FOR GLOCK® LONE WOLF DIST.

## Introduction

Thank you for purchasing the SLIDE COMPLETION KITS FOR GLOCK® LONE WOLF DIST. This guide provides essential safety instructions to ensure the safe use and installation of your completion kit. It is important to follow these guidelines to maintain safety during use and to comply with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that the kit is used only with compatible Glock models: 17, 17L, 19, 26, and 34.
- Always handle the completion kit and any firearm components with care.
- Keep all parts of the kit out of reach of children and unauthorized users.
- Inspect all components for damage or defects before use.
- Use the kit only for its intended purpose as described in this guide.
- Report any unsafe products or accidents to the relevant authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Potential Hazards:**
  - Improper installation may lead to malfunction or unsafe operation.
  - Components may have sharp edges; handle with care to avoid injury.
  - Ensure the firearm is unloaded before starting any installation or maintenance work.
- **Instructions for Avoiding Hazards:**
  - Always work in a welllit area free from distractions.
  - Wear appropriate safety gear, such as gloves and safety glasses, during installation.
  - Follow the manufacturer's instructions carefully to avoid improper assembly.
- **Warnings:**
  - This product is not intended for use by individuals under the age of 18.
  - If you are not familiar with firearm assembly, seek assistance from a qualified gunsmith.

## Instructions for Installation and Usage

- **Preparation:**
  - Gather all necessary tools and ensure a clean workspace.
  - Verify that you have all components included in the kit: channel liner, spacer sleeve, marine spring cups, midweight striker spring, striker, LCI extractor, spring loaded bearing, depressor plunger spring, depressor plunger, firing pin safety, firing pin safety spring, and slide cover plate.
- **Installation Steps:**
  1. Ensure the firearm is unloaded and pointed in a safe direction.
  2. Remove the existing slide from the frame of the Glock.
  3. Begin by installing the channel liner into the slide.

4. Insert the spacer sleeve as per the instructions provided.
5. Install the marine spring cups into their designated positions.
6. Replace the midweight striker spring and striker.
7. Install the LCI extractor, ensuring it is properly seated.
8. Place the spring loaded bearing and depressor plunger spring in their respective locations.
9. Insert the depressor plunger and ensure it is secured.
10. Install the firing pin safety and its spring.
11. Finally, attach the slide cover plate to complete the assembly.

- **PostInstallation Check:**

- After installation, perform a thorough inspection to ensure all components are securely in place.
- Test the slide function without ammunition to ensure proper operation.

## **Disposal Instructions**

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of firearm components in regular household waste.
- Contact local waste management authorities for guidance on proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the SLIDE COMPLETION KITS FOR GLOCK® LONE WOLF DIST., please consult the manufacturer's website or customer support resources. Ensure you have the product details at hand for efficient assistance.

By adhering to these safety instructions, you can ensure a safe and effective experience with your SLIDE COMPLETION KITS FOR GLOCK® LONE WOLF DIST. Always prioritize safety and compliance with local regulations when handling firearm components.
