

# 1911 SLIDES - CASPIAN CARBON STEEL, NC SIGHT CUT, .45 ACP

[Handgun Parts](#) > [Slide Parts](#) > [Slides](#)

## Superb Strength & Precise Tolerances For The Ultimate Combat Pistol

Custom-quality slides from Caspian, ready to be fitted to the frame of your choice. They start as high-quality forgings for extra strength, then are heat-treated to Rc 38-41 before machining for exceptional dimensional stability. Sides are polished, while the rest of the surface is bead-blasted for a non-glare, matte finish. Deep-cut, forward-angled rear cocking serrations prevent slippage when racking, even with a wet hand. Available in 4340 carbon steel (CS) and 416 stainless steel (SS) with .45 ACP, .40 S&W, and 9mm breechfaces. Commander and Officers models in .45 ACP only. Choose a slide without sight cuts (NC), or between two pre-cut dovetail options: a Novak Lo-Mount or Bo-Mar BMCS rear cut, both coupled with a Novak front cut. Recon slide is a Government slide with ball cuts at the front that line up with the light rail on the Caspian Recon frame (available separately). All slides require the use of a 9mm/.38 Super firing pin.

## Attributes

- Name: [CASPIAN CARBON STEEL, NC SIGHT CUT, .45 ACP](#)

# Safety Instruction Guide for 1911 Slides Caspian Carbon Steel, NC Sight Cut, .45 ACP

## Introduction

Thank you for choosing the 1911 Slides Caspian Carbon Steel, NC Sight Cut, .45 ACP. This guide provides essential safety instructions to ensure the safe use and handling of this product. It is important to read and understand these instructions before installation and use.

## General Safety Guidelines

To ensure safe usage of the 1911 Slides, please adhere to the following guidelines:

- Always treat your firearm and its components as if they are loaded.
- Ensure that you are familiar with the operation of your firearm before using this slide.
- Use the slide only with compatible 1911 frames and specified calibers.
- Store the slide in a secure location, away from unauthorized users, especially children.
- Regularly inspect the slide for any signs of wear or damage before use.
- Follow all local laws and regulations regarding firearm ownership and usage.

## Specific Safety Precautions for Use

When using the 1911 Slides, observe the following safety precautions:

- Ensure that the firearm is unloaded before installing or removing the slide.
- Use appropriate personal protective equipment (PPE) such as safety glasses when handling firearms.
- Avoid using the slide in wet or slippery conditions to prevent accidents.
- Do not modify the slide or firearm in any way that could compromise safety or performance.
- Always ensure a safe and controlled environment when discharging the firearm.

## Instructions for Installation and Usage

Follow these instructions carefully for the installation and proper usage of the 1911 Slides:

### 1. Preparation:

- Ensure that the firearm is completely unloaded.
- Gather necessary tools for installation, including a gunsmithing tool set.

### 2. Installation:

- Align the slide with the frame of the 1911.
- Carefully slide the component onto the frame, ensuring a snug fit.
- Secure the slide with the appropriate pins and screws, ensuring they are tightened to the manufacturer's specifications.

### 3. Usage:

- Once installed, perform a function check to ensure that the slide operates smoothly.
- Test the firearm in a controlled environment to ensure proper cycling and functionality.
- Familiarize yourself with the slide features, such as the rear cocking serrations and sight cuts.

### 4. PostUse:

- After use, clean the slide and firearm according to the manufacturer's recommendations.
- Store the firearm securely when not in use.

## **Disposal Instructions**

When disposing of the 1911 Slides or any associated components, follow these guidelines:

- Do not dispose of firearms or firearm components in regular trash.
- Contact local authorities or licensed waste disposal services for guidance on safe disposal methods.
- Ensure that all parts are rendered inoperable before disposal.

## **Contact Information for Further Support**

For any questions or concerns regarding the 1911 Slides, please refer to the product packaging for the manufacturer's contact information or consult the retailer from which you purchased the product.

By following these safety instructions, you can help ensure a safe and enjoyable experience with your 1911 Slides Caspian Carbon Steel, NC Sight Cut, .45 ACP. Always prioritize safety and responsible usage.
