

# 1911 SLIDES - CASPIAN STAINLESS STEEL, BO-MAR SIGHT CUT, 9MM

[Handgun Parts](#) > [Slide Parts](#) > [Slides](#)

## Superb Strength & Precise Tolerances For The Ultimate Combat Pistol

Custom-quality slides from Caspian, ready to be fitted to the frame of your choice. They start as high-quality forgings for extra strength, then are heat-treated to Rc 38-41 before machining for exceptional dimensional stability. Sides are polished, while the rest of the surface is bead-blasted for a non-glare, matte finish. Deep-cut, forward-angled rear cocking serrations prevent slippage when racking, even with a wet hand. Available in 4340 carbon steel (CS) and 416 stainless steel (SS) with .45 ACP, .40 S&W, and 9mm breechfaces. Commander and Officers models in .45 ACP only. Choose a slide without sight cuts (NC), or between two pre-cut dovetail options: a Novak Lo-Mount or Bo-Mar BMCS rear cut, both coupled with a Novak front cut. Recon slide is a Government slide with ball cuts at the front that line up with the light rail on the Caspian Recon frame (available separately). All slides require the use of a 9mm/.38 Super firing pin.

## Attributes

- Name: [CASPIAN STAINLESS STEEL, BO-MAR SIGHT CUT, 9MM](#)
- Manufacturer: [CASPIAN](#)
- Product no.: 168000064

# Safety Instruction Guide for 1911 Slides Caspian Stainless Steel

## Introduction

Thank you for choosing the 1911 Slides Caspian Stainless Steel. This guide provides essential safety instructions to ensure the safe use and handling of your product. Please read this guide carefully before use to maximize safety and performance.

## General Safety Guidelines

- Always handle firearms and their components with care, following all safety protocols.
- Ensure that you are familiar with local laws and regulations regarding the use and ownership of firearms.
- Keep firearms out of reach of children and unauthorized users.
- Regularly inspect your firearm and its components for wear or damage.
- In case of any malfunction or unusual behavior, cease use immediately and consult a qualified gunsmith.

## Specific Safety Precautions for Use

- Ensure the firearm is unloaded before installing or handling the slide.
- Always use the correct firing pin as specified (9mm/.38 Super) to avoid malfunctions.
- Be cautious when racking the slide, especially in wet conditions, to prevent slippage.
- Avoid using the slide in conjunction with incompatible models or calibers.
- When using the slide, wear appropriate eye protection to guard against potential debris.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the firearm is completely unloaded.
- Align the slide with the frame of your 1911 model.
- Carefully slide the component into place, ensuring it is securely fitted.
- Check that all parts are properly aligned and functioning without obstruction.

### 2. Usage:

- After installation, conduct a function check to ensure proper operation.
- Load the firearm only with the appropriate ammunition (9mm Luger).
- Always point the firearm in a safe direction when loading and unloading.
- Follow standard shooting practices and safety protocols at all times.

## Disposal Instructions

- Dispose of any unwanted or damaged slides in accordance with local regulations.
- Do not discard in regular household waste. Instead, contact local authorities or a licensed disposal facility for guidance.

## Contact Information for Further Support

For any safety inquiries or concerns regarding your product, please reach out to the appropriate EU-based contact as required by the EU General Product Safety Regulation.

## **Conclusion**

Your safety is paramount when using the 1911 Slides Caspian Stainless Steel. By following these guidelines, you can ensure a safe and enjoyable experience. For any further questions or concerns, consult a qualified professional or refer to the appropriate resources.
