

1911 SLIDES - CASPIAN STAINLESS STEEL, LOW MOUNT SIGHT CUT, .40/10MM

[Handgun Parts](#) > [Slide Parts](#) > [Slides](#)

Superb Strength & Precise Tolerances For The Ultimate Combat Pistol

Custom-quality slides from Caspian, ready to be fitted to the frame of your choice. They start as high-quality forgings for extra strength, then are heat-treated to Rc 38-41 before machining for exceptional dimensional stability. Sides are polished, while the rest of the surface is bead-blasted for a non-glare, matte finish. Deep-cut, forward-angled rear cocking serrations prevent slippage when racking, even with a wet hand. Available in 4340 carbon steel (CS) and 416 stainless steel (SS) with .45 ACP, .40 S&W, and 9mm breechfaces. Commander and Officers models in .45 ACP only. Choose a slide without sight cuts (NC), or between two pre-cut dovetail options: a Novak Lo-Mount or Bo-Mar BMCS rear cut, both coupled with a Novak front cut. Recon slide is a Government slide with ball cuts at the front that line up with the light rail on the Caspian Recon frame (available separately). All slides require the use of a 9mm/.38 Super firing pin.

Attributes

- Name: [CASPIAN STAINLESS STEEL, LOW MOUNT SIGHT CUT, .40/10MM](#)
- Manufacturer: [CASPIAN](#)
- Product no.: 168000070

Safety Instruction Guide for 1911 Slides Caspian Stainless Steel

Introduction

Thank you for choosing the 1911 Slides Caspian Stainless Steel. This guide provides essential safety instructions to ensure the safe use and handling of your product. Please read this guide carefully before installation and use.

General Safety Guidelines

- Always ensure that the firearm is unloaded before handling or installing the slide.
- Inspect the slide for any visible damage or defects before use.
- Use the slide only with compatible frames and components as specified in the product description.
- Keep the slide and all firearm components out of reach of children and unauthorized persons.
- Report any unsafe conditions or product defects to the appropriate authorities.

Specific Safety Precautions for Use

• Potential Hazards:

- Improper installation may lead to malfunction or injury.
- Use of incompatible components can result in unsafe conditions.
- Slippage during operation can occur if hands are wet or oily.

• Instructions for Avoiding Hazards:

- Ensure hands are dry and clean when handling the slide.
- Follow the installation instructions carefully to avoid improper fitting.
- Regularly inspect the slide and firearm for wear and tear.
- Do not modify the slide or any associated components.

• Age and Audience Specific Warnings:

- This product is intended for use by individuals who are knowledgeable about firearms.
- Keep the slide and all associated tools out of the reach of children.

Instructions for Installation and Usage

1. Installation:

- Ensure that the firearm is completely unloaded.
- Remove the existing slide from the frame according to the manufacturer's instructions.
- Align the Caspian slide with the frame and ensure it fits properly.
- Secure the slide in place according to the firearm's specifications.

2. Usage:

- Always check that the slide is securely attached before use.
- When racking the slide, use a firm grip and ensure hands are dry to prevent slippage.
- Use the appropriate ammunition as specified for the slide.

Disposal Instructions

- Dispose of the slide and any associated materials in accordance with local regulations.
- Do not dispose of the slide in regular household waste.
- Contact local waste management authorities for guidance on proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety or product information, please refer to the manufacturer's website or contact the appropriate authorities for assistance.

By following these guidelines, you can ensure a safe and effective experience with your 1911 Slides Caspian Stainless Steel. Always prioritize safety and responsible handling practices.
