

1911 SLIDES - CASPIAN CARBON STEEL, LOW MOUNT SIGHT CUT, 45 ACP

[Handgun Parts](#) > [Slide Parts](#) > [Slides](#)

Superb Strength & Precise Tolerances For The Ultimate Combat Pistol

Custom-quality slides from Caspian, ready to be fitted to the frame of your choice. They start as high-quality forgings for extra strength, then are heat-treated to Rc 38-41 before machining for exceptional dimensional stability. Sides are polished, while the rest of the surface is bead-blasted for a non-glare, matte finish. Deep-cut, forward-angled rear cocking serrations prevent slippage when racking, even with a wet hand. Available in 4340 carbon steel (CS) and 416 stainless steel (SS) with .45 ACP, .40 S&W, and 9mm breechfaces. Commander and Officers models in .45 ACP only. Choose a slide without sight cuts (NC), or between two pre-cut dovetail options: a Novak Lo-Mount or Bo-Mar BMCS rear cut, both coupled with a Novak front cut. Recon slide is a Government slide with ball cuts at the front that line up with the light rail on the Caspian Recon frame (available separately). All slides require the use of a 9mm/.38 Super firing pin.

Attributes

- Name: [CASPIAN CARBON STEEL, LOW MOUNT SIGHT CUT, 45 ACP](#)
- Manufacturer: [CASPIAN](#)
- Product no.: 168000073

Safety Instruction Guide for 1911 Slides Caspian Carbon Steel

Introduction

Thank you for choosing the 1911 Slides Caspian Carbon Steel. This guide provides important safety instructions to ensure the safe use, installation, and disposal of your product. Please read this document carefully to understand how to use the product safely and effectively.

General Safety Guidelines

- Always handle the slide with care to avoid injury.
- Ensure that the firearm is unloaded before installing or handling the slide.
- Keep the slide and all firearm components out of reach of children and unauthorized users.
- Inspect the slide for any signs of damage or wear before use. Do not use if damaged.
- Follow all local laws and regulations regarding firearm modifications and usage.
- Use only compatible parts and accessories with the 1911 slide to ensure safety and functionality.
- Always wear appropriate eye protection when handling or working on firearms.

Specific Safety Precautions for Use

• Potential Hazards:

- Improper installation may lead to malfunction or injury.
- Using incompatible components may compromise safety.
- Racking the slide with wet hands may lead to slippage; ensure a firm grip.

• Avoiding Hazards:

- Always ensure the firearm is pointed in a safe direction when handling.
- Use a clean and dry surface when performing installation or maintenance.
- Ensure that the firing pin used is appropriate for the slide (9mm/.38 Super).

• Age Specific Warnings:

- This product is intended for use by individuals who are legally allowed to handle firearms. Ensure all users are of legal age and have received proper training.

Instructions for Installation and Usage

• Installation Steps:

1. Ensure the firearm is unloaded and pointed in a safe direction.
2. Remove the existing slide from the frame according to the manufacturer's instructions.
3. Align the Caspian slide with the frame, ensuring proper fit.
4. Secure the slide in place using the appropriate pins and screws.
5. Verify that the slide operates smoothly before proceeding.

• Usage Instructions:

- Always check that the firearm is unloaded before performing any maintenance.
- Familiarize yourself with the operation of the slide, including the rear cocking serrations for racking.

- Practice safe handling techniques at all times.

Disposal Instructions

- Dispose of the slide in accordance with local regulations regarding firearm components.
- If the slide is damaged beyond repair, ensure it is rendered unusable before disposal.
- Recycle materials when possible, following local recycling guidelines.

Contact Information for Further Support

For any questions or concerns regarding the 1911 Slides Caspian Carbon Steel, please refer to your local firearms dealer or manufacturer for assistance.

Thank you for your attention to these safety instructions. Your safety and the safety of others is of utmost importance. Always prioritize safe handling practices when using your firearm.
