Superb Strength & Precise Tolerances For The Ultimate Combat Pistol

Custom-quality slides from Caspian, ready to be fitted to the frame of your choice. They start as high-quality forgings for extra strength, then are heat-treated to Rc 38-41 before machining for exceptional dimensional stability. Sides are polished, while the rest of the surface is bead-blasted for a non-glare, matte finish. Deep-cut, forward-angled rear cocking serrations prevent slippage when racking, even with a wet hand. Available in 4340 carbon steel (CS) and 416 stainless steel (SS) with .45 ACP, .40 S&W, and 9mm breechfaces. Commander and Officers models in .45 ACP only. Choose a slide without sight cuts (NC), or between two pre-cut dovetail options: a Novak Lo-Mount or Bo-Mar BMCS rear cut, both coupled with a Novak front cut. Recon slide is a Government slide with ball cuts at the front that line up with the light rail on the Caspian Recon frame (available separately). All slides require the use of a 9mm/.38 Super firing pin.

Introduction

Thank you for choosing the 1911 SLIDES COMMANDER, CS, BOMAR SIGHT CUT. This guide provides essential safety instructions to ensure the safe handling, installation, and usage of your product. Please read this document carefully before proceeding.

General Safety Guidelines

- Ensure that the slide is compatible with your firearm model before installation.
- Always handle firearms with care and treat every firearm as if it is loaded.
- Keep firearms and ammunition out of reach of children and unauthorized individuals.
- Regularly inspect the slide for any signs of wear or damage before use.
- Store the slide in a secure and dry location when not in use.
- Follow all local laws and regulations regarding firearm modifications.

Specific Safety Precautions for Use

- Use the appropriate firing pin for your slide, specifically a 9mm/.38 Super firing pin.
- Ensure the firearm is unloaded before installing or removing the slide.
- Avoid using excessive force when racking the slide to prevent slippage or injury.
- If you experience any malfunctions during use, cease operation immediately and consult a qualified gunsmith.
- Do not attempt to modify the slide or any of its components beyond the manufacturer's specifications.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is completely unloaded and pointed in a safe direction.
- Remove the existing slide from the firearm according to the manufacturer's instructions.
- Align the new slide with the frame, ensuring proper fitment.
- Carefully install the slide onto the frame, ensuring it is seated correctly.
- Replace any necessary pins or components as per the firearm's specifications.
- Perform a function check to ensure the slide operates smoothly.

2. Usage:

- Always verify that the firearm is unloaded before handling.
- When racking the slide, use a firm grip and avoid wet or slippery hands to prevent slippage.
- Aim the firearm in a safe direction at all times during operation.
- Follow standard shooting practices and safety protocols while using the firearm.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of firearms or firearm components in regular household waste.
- Contact local authorities or a licensed disposal facility for proper disposal methods.
