

1911 SLIDES - COMMANDER, SS, LOW MOUNT SIGHT CUT, 45 ACP

[Handgun Parts](#) > [Slide Parts](#) > [Slides](#)

Superb Strength & Precise Tolerances For The Ultimate Combat Pistol

Custom-quality slides from Caspian, ready to be fitted to the frame of your choice. They start as high-quality forgings for extra strength, then are heat-treated to Rc 38-41 before machining for exceptional dimensional stability. Sides are polished, while the rest of the surface is bead-blasted for a non-glare, matte finish. Deep-cut, forward-angled rear cocking serrations prevent slippage when racking, even with a wet hand. Available in 4340 carbon steel (CS) and 416 stainless steel (SS) with .45 ACP, .40 S&W, and 9mm breechfaces. Commander and Officers models in .45 ACP only. Choose a slide without sight cuts (NC), or between two pre-cut dovetail options: a Novak Low-Mount or Bo-Mar BMCS rear cut, both coupled with a Novak front cut. Recon slide is a Government slide with ball cuts at the front that line up with the light rail on the Caspian Recon frame (available separately). All slides require the use of a 9mm/.38 Super firing pin.

Attributes

Safety Instruction Guide for 1911 SLIDES COMMANDER, SS, LOW MOUNT SIGHT CUT, 45 ACP

Introduction

Thank you for choosing the 1911 SLIDES COMMANDER, SS, LOW MOUNT SIGHT CUT, 45 ACP. This guide provides important safety information and instructions to ensure the safe and effective use of this product. Please read this guide carefully before using the slide.

General Safety Guidelines

- Ensure that you are familiar with the operation of your firearm before using this slide.
- Always treat all firearms as if they are loaded.
- Keep the firearm pointed in a safe direction at all times.
- Store the slide and the firearm in a secure location, away from children and unauthorized users.
- Regularly inspect the slide for any signs of damage or wear before use.
- Follow all local laws and regulations regarding firearm ownership and usage.

Specific Safety Precautions for Use

- Only use the slide with compatible firearms as specified in the product specifications.
- Ensure that the correct firing pin (9mm/.38 Super) is used with this slide.
- Avoid using the slide in wet or slippery conditions to prevent accidents.
- Do not attempt to modify the slide or use it in a manner not intended by the manufacturer.
- Always wear appropriate eye and ear protection when handling firearms.

Instructions for Installation and Usage

1. Preparation

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools for installation.

2. Installation

- Remove the existing slide from the firearm according to the manufacturer's instructions.
- Align the 1911 SLIDES COMMANDER with the frame of your firearm.
- Securely attach the slide, ensuring it is fitted correctly and functions smoothly.
- Check that all components are properly installed and that there are no obstructions.

3. Usage

- Load the firearm only when you are ready to use it.
- Always follow the manufacturer's guidelines when loading and firing.
- Practice safe handling and shooting techniques.

4. Maintenance

- Regularly clean and maintain the slide to ensure optimal performance.
- Inspect for wear and tear after each use and replace if necessary.

Disposal Instructions

- Dispose of the slide in accordance with local regulations regarding metal and firearm components.
- Ensure that the slide is rendered inoperable before disposal to prevent misuse.

Contact Information for Further Support

For any inquiries regarding safety or product support, please reach out to your local authorized dealer or manufacturer's customer service.

Thank you for prioritizing safety in your use of the 1911 SLIDES COMMANDER, SS, LOW MOUNT SIGHT CUT, 45 ACP. Your adherence to these guidelines helps ensure a safe experience for you and those around you.
