

1911 DROP-IN COMPENSATOR KIT - .45 COMP KIT

[Handgun Parts](#) > [Barrel Parts](#) > [Barrels](#)

Drops Right In & It's Ready To Work

No fitting or gunsmithing required to get the increased muzzle control and accuracy of Clark's dual-port compensators and match-grade barrel. Comp helps control recoil and muzzle flip for improved accuracy and a faster follow-up shot. Match-grade, button-rifled barrel and pre-fit bushing provide a close fit on most slides for increased accuracy, function and reliability.

Safety Instruction Guide for 1911 DROPIN COMPENSATOR KIT .45 COMP KIT

Introduction

Thank you for choosing the 1911 DROPIN COMPENSATOR KIT .45 COMP KIT by Clark Custom. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your product. Please read this document thoroughly before installation and use.

General Safety Guidelines

- Ensure the product is suitable for your firearm model (1911 Government).
- Always handle firearms with care and follow all standard safety practices.
- Keep the product out of reach of children and unauthorized users.
- Regularly check for any signs of wear or damage on the compensator and barrel.
- Do not use the product if it appears to be damaged or has missing components.
- Be aware of local laws and regulations regarding firearm modifications.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always wear appropriate eye and ear protection when using firearms equipped with this compensator.
- Ensure the firearm is unloaded before installation or maintenance.
- Follow the manufacturer's instructions for the proper use of the compensator.
- Use only .45 ACP ammunition with this kit.
- Be cautious of increased recoil and muzzle rise; practice with the compensator to become accustomed to its handling characteristics.
- Avoid using the compensator in conditions that may impair visibility or control.

Instructions for Installation and Usage

1. Preparation:

- Ensure you have all components: 5½" barrel, blued compensator, barrel bushing, and .278" ctoc link and pin.
- Gather necessary tools for installation (e.g., wrenches, screwdrivers).

2. Installation Steps:

- Unload your firearm and ensure it is safe to work on.
- Remove the existing barrel and bushing from your 1911 Government model.
- Install the new barrel by inserting it into the slide.
- Attach the barrel bushing securely to maintain a close fit.
- Install the compensator by threading it onto the barrel. Ensure it is tightened to prevent loosening during use.
- Insert the .278" ctoc link and pin as required for proper function.
- Doublecheck all connections and fittings for security.

3. Usage:

- After installation, conduct a function check to ensure the firearm operates correctly with the new components.
- Begin with a few test shots in a controlled environment to familiarize yourself with the

- compensator's performance.
- Monitor the firearm for any unusual sounds or malfunctions during use.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Consider recycling components where possible, following local guidelines for metal recycling.

Contact Information for Further Support

For any questions or concerns regarding the 1911 DROPIN COMPENSATOR KIT .45 COMP KIT, please reach out to your local dealer or manufacturer support for assistance. Always ensure you have the latest safety information and product updates.

Thank you for prioritizing safety while enjoying your firearm.
