

MOSSBERG MVP 7.62 HD SCOPE BASES - EGW MOSSBERG MVP 7.62 20 MOA

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

EGW Mossberg MVP 7.62 Heavy Duty Scope Bases. Add the versatility of a one-piece Picatinny scope rail to your shotgun with no drilling or tapping. Precision machined from extruded aluminum with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Drilled to fit the factory scope mount holes on the gun's receiver. Accepts Picatinny or Weaver scope rings. Heavy Duty mounts are .100" lower than the Lightweight mounts to minimize weight and keep your optic closer to the barrel centerline for improved accuracy. Full-width cross-slots are gauged to MIL-STD 1913 specs to +/- .002". Machined from ultra-rigid extruded 7075 T6 aluminum. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite.

MOSSBERG MVP 7.62 HD SCOPE BASES Safety Instruction Guide

Introduction

Thank you for choosing the EGW Mossberg MVP 7.62 Heavy Duty Scope Bases. This guide provides important safety instructions and usage guidelines to ensure safe and effective use of your product. Please read this document carefully before installation and use.

General Safety Guidelines

- Ensure that the scope bases are compatible with your specific Mossberg MVP 7.62 model.
- Always handle firearms with care and follow all safety protocols related to firearm usage.
- Inspect the scope bases for any damage or defects before installation.
- Use the product only for its intended purpose.
- Keep the product out of reach of children and unauthorized users.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- **Installation Safety:** Ensure the firearm is unloaded before installing the scope bases.
- **Torque Specifications:** Follow the recommended torque of 20 inch lbs when securing the scope bases with the provided screws.
- **Use of Loctite:** Apply a drop of blue Loctite to the screws to prevent loosening over time.
- **Weight Considerations:** Be aware that Heavy Duty mounts are designed to be .100" lower than Lightweight mounts. This design minimizes weight and improves accuracy.
- **CrossSlot Specifications:** Fullwidth crossslots are gauged to MILSTD 1913 specs to $\pm .002$ ". Ensure proper alignment during installation.

Instructions for Installation and Usage

1. Preparation:

- Gather necessary tools: Torx® wrench, blue Loctite, and a clean workspace.
- Ensure the firearm is unloaded and safe to handle.

2. Installation Steps:

- Locate the factory scope mount holes on the receiver of your Mossberg MVP 7.62.
- Align the EGW scope bases with the mount holes.
- Insert the provided Torx® screws into the aligned holes.
- Handtighten the screws to ensure proper alignment.
- Use the Torx® wrench to tighten the screws to the recommended torque of 20 inch lbs.
- Apply a drop of blue Loctite to each screw to secure them in place.

3. PostInstallation:

- Check the alignment of the scope bases to ensure they are level.
- Test the fit of your Picatinny or Weaver scope rings on the installed bases.
- Adjust the scope as necessary for eye relief and comfort.

Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- If the product becomes damaged beyond repair, recycle the aluminum components where facilities exist.
- Do not dispose of the product in household waste.

Contact Information for Further Support

For any questions or concerns regarding the safety or use of the EGW Mossberg MVP 7.62 Heavy Duty Scope Bases, please refer to the manufacturer's contact information or consult a certified firearms professional.

Thank you for prioritizing safety and following these guidelines while using your new scope bases. Enjoy your shooting experience!
