

# BENELLI SUPER NOVA PUMP SCOPE BASES - EGW BENELLI SUPER NOVA PUMP 0 MOA

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Shotgun Bases](#)

EGW Benelli Super Nova Scope Bases. Add the versatility of a one-piece Picatinny scope rail to your shotgun with no drilling or tapping. Precision machined from extruded aluminum with Picatinny slot-and-rail spacing that allows fast and simple changes to eye relief, plus great flexibility in scope choice. Drilled to fit the factory scope mount holes on the gun's receiver. Accepts Picatinny or Weaver scope rings. Lightweight Tactical mounts have a milled center channel for weight reduction. Full-width cross-slots are gauged to MIL-STD 1913 specs to +/- .002". Machined from ultra-rigid, extruded 6061 T6 aluminum. Includes socket head Torx® screws and wrench. EGW recommends 20 inch lbs of torque and a drip of blue loctite for mounting.

# Safety Instruction Guide for the BENELLI SUPER NOVA PUMP SCOPE BASES

## Introduction

Thank you for choosing the EGW Benelli Super Nova Scope Bases. This guide provides important safety information to ensure the safe use and installation of your scope bases. Please read this guide carefully before use.

## General Safety Guidelines

- Ensure that the product is suitable for your specific firearm model.
- Always handle firearms and accessories responsibly and in accordance with local laws and regulations.
- Store the scope bases in a cool, dry place away from direct sunlight and moisture.
- Regularly inspect your scope bases for signs of wear or damage. If any issues are found, discontinue use immediately.
- Be aware of your surroundings and ensure that you are in a safe environment when handling firearms.

## Specific Safety Precautions for Use

- Always use the scope bases in conjunction with compatible Picatinny or Weaver scope rings.
- Ensure that all mounting screws are tightened to the recommended torque of 20 inch lbs.
- Use a drip of blue Loctite on screws to prevent loosening during use.
- Do not exceed the weight limit of your scope, as this may compromise the integrity of the scope bases.
- Keep the scope bases out of reach of children and unauthorized users.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools, including a Torx® wrench.
- Ensure you have a clean and welllit workspace.

### 2. Installation Steps:

- Locate the factory scope mount holes on the receiver of your Benelli Super Nova shotgun.
- Align the EGW scope base with the mount holes, ensuring it is positioned correctly.
- Insert the socket head Torx® screws into the mount holes and handtighten them.
- Use the Torx® wrench to tighten the screws to a torque of 20 inch lbs. Ensure that the screws are secure but do not overtighten.
- Apply a drip of blue Loctite to each screw to prevent loosening during use.

### 3. Usage:

- Once installed, attach your Picatinny or Weaver scope rings to the scope base.
- Mount your scope according to the manufacturer's instructions, ensuring proper eye relief and alignment.
- Regularly check the mounting screws for tightness before each use.

## Disposal Instructions

- Dispose of packaging materials in accordance with local recycling regulations.
- If the scope bases are damaged beyond repair, dispose of them in accordance with local electronic waste

disposal guidelines.

## **Contact Information for Further Support**
