

# MOLLE BACK PANEL LITE - SPIRITUS SYSTEMS MOLLE BACK PANEL LITE , COYOTE BROWN

[Home](#)

The MOLLE back panel was designed to give LV/119 O V E R T users the ability to quickly swap out multiple rear bag loadout configurations based on the needs of a mission set. With its semi-rigid MOLLE frame, multiple anchor points, and quick zip installation, the MOLLE Back Panel is just as robust as a permanent sewn-in system while providing a near limitless set of pouch combination options. The MOLLE Back Panel features six columns of MOLLE, which provides ample real estate for attaching water bladders, wide pouches, or multiple small pouches side-by-side. End users can now keep one plate carrier for all missions and simply swap out back panels that have been preloaded with specific equipment and MOLLE storage solutions. Swapping between MOLLE Back Panels takes less than a minute and requires no tools. This allows operators to store additional back panels in vehicles or ready rooms for rapid deployment when needed. The MOLLE Back Panel features 6 slots across, and 12 slots down.

# MOLLE Back Panel Lite Safety Instruction Guide

## Introduction

Thank you for choosing the MOLLE Back Panel Lite by Spiritus Systems. This guide provides essential safety instructions and usage information to ensure your product is used safely and effectively. Please read this guide carefully before use.

## General Safety Guidelines

- Ensure that the MOLLE Back Panel Lite is used only for its intended purpose.
- Regularly inspect the back panel for any signs of wear, damage, or defects before use.
- Do not overload the MOLLE Back Panel Lite with excessive weight, as this may compromise safety and performance.
- Keep the MOLLE Back Panel Lite away from sharp objects and extreme temperatures to prevent damage.
- Store the back panel in a dry, cool place when not in use to maintain its integrity.

## Specific Safety Precautions for Use

- Ensure that all attachments and pouches are securely fastened before use to prevent accidental detachment during operation.
- Be aware of your surroundings when using the MOLLE Back Panel Lite to avoid entanglement or injury.
- Do not use the back panel if it has been involved in an accident or has sustained significant damage.
- If using the MOLLE Back Panel Lite in conjunction with other equipment, ensure compatibility to avoid safety hazards.
- Always follow manufacturer instructions for any additional equipment used with the MOLLE Back Panel Lite.

## Instructions for Installation and Usage

### 1. Installation:

- Locate the appropriate attachment points on your plate carrier.
- Align the MOLLE Back Panel Lite with the attachment points.
- Securely fasten the back panel using the quick zip installation feature.
- Ensure that the back panel is firmly attached and does not shift during use.

### 2. Usage:

- To swap out back panels, unzip the current panel and remove it from the plate carrier.
- Select the desired preloaded back panel and follow the installation steps to attach it securely.
- Check that all pouches and equipment are properly secured before engaging in any activities.

## Disposal Instructions

- Dispose of the MOLLE Back Panel Lite responsibly when it reaches the end of its life cycle.
- Follow local regulations for the disposal of textile products.
- Consider recycling options if available, to minimize environmental impact.

## Contact Information for Further Support

For any safety inquiries or to report unsafe products, please contact your local EU consumer safety authority. You can also check for recall updates on the EU's Safety Gate platform.

Thank you for your attention to these safety guidelines. Your safety is our priority. Enjoy your MOLLE Back Panel Lite!
