

# MOLLE HOOK & LOOP CUMMERBUND - SPIRITUS SYSTEMS MOLLE HOOK & LOOP CUMMERBUND (SIZE 1), COYOTE BROWN

[Home](#)

NOTE: This LV/119 Cummerbund is designed for use with a front and rear LV/119 plate bag. The Hook & Loop MOLLE Cummerbund was designed to be a lightweight and simple load carriage solution for the LV/119 series of vests. Using the widely adopted MOLLE system, the cummerbund offers almost infinite configurations for mission needs by utilizing any MOLLE accessory that can be found on the market. The cummerbund is designed to allow simultaneous use of the same MOLLE cell for products mounted on the inside and outside of the cummerbund. The Hook & Loop MOLLE Cummerbund features premium, Berry Amendment Compliant materials sourced from industry leaders in textiles' manufacturing. Cummerbund Attachment The cummerbund attachment is a proprietary system that allows for the use of all of our cummerbunds, as well as allowing for a wide range of adjustment. The cummerbund attaches inside the plate bag, which is advantageous for a few reasons. There is no external mounting that can get snagged or rip off when exiting vehicles in haste. The design creates a smooth profile when worn underneath clothing. Hook & Loop is not utilized as an attachment method on the rear plate bag. Hook & Loop wears out over time and is a generally less-than-optimal attachment method when not supported in other ways. Hook & Loop doesn't handle weight well and it sticks to everything, especially cloth seats. Sizing The cummerbund comes in two sizes: Size 1 and Size 2, each offering up to 14 inches of total adjustment. This allows for a proper fitment for all body types. To figure our appropriate sizing, take measurement of the waist at the belly button. When measuring, users should dress as they would while actually wearing the carrier. For example, if the user is operating in arctic environments, they should be wearing cold weather equipment when measuring. Size 1: 28" to 42" Size 2: 40" to 54" SOLD AS A SET. If your waist measurement is 42", we suggest going up to the Size 2 cummerbund. NOTE: The LV119 Cummerbund is part of the LV119 Plate Carrier System. This item does not include a Front Plate Bag, Rear Plate Bag, Shoulder Covers, Placards, or any other accessories. Additional components are required for proper use. Some images shown with optional accessories, sold separately.

## Attributes

- Name: [SPIRITUS SYSTEMS MOLLE HOOK & LOOP CUMMERBUND \(SIZE 1\), COYOTE BROWN](#)
- Manufacturer: [SPIRITUS SYSTEMS](#)
- Product no.: 430100595

# MOLLE Hook & Loop Cumberbund Safety Instruction Guide

## Introduction

Thank you for choosing the MOLLE Hook & Loop Cumberbund by Spiritus Systems. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of the product. Please read this document carefully before using the cumberbund to maximize safety and performance.

## General Safety Guidelines

- Ensure the cumberbund is compatible with the LV/119 plate bag system before use.
- Regularly inspect the cumberbund for wear and tear, especially the Hook & Loop attachment areas.
- Avoid using the cumberbund with damaged components, as this may compromise safety.
- Keep the cumberbund away from sharp objects that could cause punctures or tears.
- Store the cumberbund in a cool, dry place when not in use to maintain material integrity.
- Always wear the cumberbund as intended and follow the sizing guidelines for a proper fit.

## Specific Safety Precautions for Use

- **Hook & Loop Attachment:**
  - The Hook & Loop method may wear out over time. Ensure that it is functioning properly before each use.
  - Avoid using the Hook & Loop attachment on the rear plate bag, as it is less optimal for weightbearing.
- **Sizing:**
  - Measure your waist at the belly button while dressed as you would during actual use.
  - Choose the appropriate size:
    - Size 1: 28" to 42"
    - Size 2: 40" to 54"
  - If your waist measurement is at the upper limit of Size 1 (42"), it is recommended to opt for Size 2.
- **Usage in Different Environments:**
  - When operating in extreme conditions (e.g., cold weather), wear appropriate clothing during measurement to ensure a proper fit.
- **Vulnerable Groups:**
  - Extra caution should be taken when the product is used by individuals who may require assistance, such as children or those with disabilities.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary components, including the LV/119 plate bag.
- Ensure you have the correct size of the cumberbund.

### 2. Attachment:

- Open the plate bag and locate the internal attachment points for the cummerbund.
- Insert the cummerbund into the designated area of the plate bag.
- Ensure the cummerbund is securely attached and positioned correctly.

### **3. Adjustment:**

- Adjust the cummerbund to fit snugly around the waist, allowing for a comfortable yet secure fit.
- Utilize the adjustment features to achieve the desired fit, ensuring that the cummerbund does not restrict movement.

### **4. Final Check:**

- Before use, doublecheck that the cummerbund is properly secured and that there are no loose ends.
- Ensure that the cummerbund does not interfere with the function of any other gear or accessories.

## **Disposal Instructions**

- Dispose of the cummerbund responsibly at the end of its lifecycle.
- Follow local regulations for textile disposal or recycling.
- If the cummerbund is damaged beyond repair, consider repurposing or recycling the materials if possible.

## **Contact Information for Further Support**

For any inquiries regarding product safety or usage, please refer to the official contact points provided by the manufacturer. It is essential to stay informed about any potential recalls or safety updates through official channels.

## **Conclusion**

By following these safety instructions and guidelines, you can ensure the safe and effective use of the MOLLE Hook & Loop Cummerbund. Thank you for prioritizing safety and performance in your gear selection.
