

GMT (GIVE ME TAIL) SLING - BLUE FORCE GEAR GMT SLING 1" WIDTH BLACK

[Shooting Accessories](#) > [Slings & Sling Swivels](#) > [Slings](#)

The GMT Sling – Give Me Tail Blue Force Gear revolutionized the tactical sling industry when they introduced their famous VCAS captured tail design. The GMT sling addresses the deficiencies found in legacy designs for those who prefer a tail sling. Legacy tail slings suffer from two major deficiencies. First, metal adjustment buckles that rust, break and damage other gear. These buckles also have springs that often fail leaving the sling useless. Next is the inferior thin webbing used with these buckles. This thin webbing is required to allow the buckle to adjust but it's also uncomfortable as it cut into the user's neck and shoulders while simultaneously becoming a major snag hazard on surrounding equipment. The GMT sling uses a custom double locking buckle interface designed and manufactured specifically for this application from durable and rust free glass-filled nylon. This adjuster provides consistent tension when both tightening and loosening the sling. Once set, it doesn't move until you want it to. Over two years in the design and development phase, this adjuster is the heart of the GMT sling. Pull on the tail to tighten, grasp and pull the spherical release knob to loosen. A sewn in stop at the end of the tail keeps the sling from coming apart and releasing your weapon.

Attributes

- Name: [BLUE FORCE GEAR GMT SLING 1" WIDTH BLACK](#)
- Manufacturer: [BLUE FORCE GEAR](#)
- Product no.: 430100764
- Mfr. No.: GMT-100-OA-BK
- Colour: Black
- Material: Nylon
- Style: 2-point Sling
- Width: 1"
- Delivery weight: 0.159kg
- Shipping height: 25mm
- Shipping width: 127mm
- Shipping length: 127mm
- UPC: 810073651043

GMT Sling Safety Instruction Guide

Introduction

Thank you for choosing the GMT Sling from Blue Force Gear. This guide provides essential safety instructions and guidelines for the proper use of your sling. Please read this document carefully to ensure safe and effective operation.

General Safety Guidelines

- Ensure that the GMT Sling is used only for its intended purpose.
- Regularly inspect the sling for any signs of wear, damage, or malfunction.
- Keep the sling away from sharp objects and extreme heat sources.
- Store the sling in a dry place when not in use to prevent degradation of materials.
- If you notice any issues with the sling, discontinue use immediately and seek assistance.

Specific Safety Precautions for Use

- When adjusting the sling, ensure that your fingers and other body parts are clear of the buckle to prevent pinching.
- Always secure your weapon properly to prevent accidental discharges.
- Avoid using the sling in situations where it may become entangled with other equipment or obstacles.
- Be mindful of your surroundings when using the sling to avoid accidents.
- Do not attempt to modify or repair the sling yourself. Consult a professional if repairs are needed.

Instructions for Installation and Usage

1. Installation

- Ensure the sling is compatible with your weapon before installation.
- Attach the sling to the designated attachment points on your weapon securely.
- Adjust the length of the sling to your preferred fit, ensuring that the adjuster is locked in place.

2. Usage

- To tighten the sling, pull on the tail until the desired tension is achieved.
- To loosen the sling, grasp and pull the spherical release knob gently.
- Always check the adjustment before use to ensure it is secure.
- Use the sewn-in stop at the end of the tail to prevent the sling from coming apart during operation.

Disposal Instructions

- When the sling reaches the end of its usable life, dispose of it responsibly.
- Check local regulations for proper disposal methods for nylon products.
- Do not burn the sling as it may release harmful chemicals.

Contact Information for Further Support

For any inquiries regarding the GMT Sling, please refer to the contact information provided by the retailer or manufacturer at the time of purchase.

Conclusion

Following these safety instructions will help ensure that you use your GMT Sling safely and effectively. Always prioritize safety while handling your equipment, and do not hesitate to reach out for help if needed.
