

GMT (GIVE ME TAIL) SLING - GMT SLING 1.25" WIDTH OD GREEN

[Shooting Accessories](#) > [Slings & Sling Swivels](#) > [Slings](#)

The GMT Sling - Give Me Tail Blue Force Gear revolutionized the tactical sling industry when they introduced their famous VCAS captured tail design. The GMT sling addresses the deficiencies found in legacy designs for those who prefer a tail sling. Legacy tail slings suffer from two major deficiencies. First, metal adjustment buckles that rust, break and damage other gear. These buckles also have springs that often fail leaving the sling useless. Next is the inferior thin webbing used with these buckles. This thin webbing is required to allow the buckle to adjust but it's also uncomfortable as it cut into the user's neck and shoulders while simultaneously becoming a major snag hazard on surrounding equipment. The GMT sling uses a custom double locking buckle interface designed and manufactured specifically for this application from durable and rust free glass-filled nylon. This adjuster provides consistent tension when both tightening and loosening the sling. Once set, it doesn't move until you want it to. Over two years in the design and development phase, this adjuster is the heart of the GMT sling. Pull on the tail to tighten, grasp and pull the spherical release knob to loosen. A sewn in stop at the end of the tail keeps the sling from coming apart and releasing your weapon.

Attributes

- Name: [GMT SLING 1.25" WIDTH OD GREEN](#)
- Manufacturer: [BLUE FORCE GEAR](#)
- Product no.: 430100773
- Mfr. No.: GMT-125-OA-OD
- Color: Olive Drab Green
- Material: Nylon
- Style: 2-point Sling
- Width: 1.25
- UPC: 810073651036

GMT Sling Safety Instructions

Introduction

Thank you for purchasing the GMT Sling (Give Me Tail) from Blue Force Gear. This guide provides essential safety instructions to ensure the safe and effective use of your sling. Please read this manual carefully to understand the product's features, safety precautions, and proper usage.

General Safety Guidelines

To ensure your safety and the longevity of the GMT Sling, please adhere to the following guidelines:

- Ensure that the sling is used only for its intended purpose.
- Regularly inspect the sling for any signs of wear, damage, or malfunction.
- Do not modify or alter the sling in any way.
- Keep the sling away from sharp objects and extreme heat sources.
- Use the sling in accordance with local laws and regulations.

Specific Safety Precautions for Use

When using the GMT Sling, please observe the following precautions:

- Ensure that the sling is securely attached to your weapon before use.
- Do not exceed the weight limit of the sling. Check the manufacturer's specifications for guidance.
- Avoid using the sling in conditions that may impair its performance, such as extreme weather or environments with debris.
- Be cautious of the sling's webbing, as it may become a snag hazard on surrounding equipment.
- Use the spherical release knob carefully to ensure smooth operation and avoid any sudden releases.

Instructions for Installation and Usage

To properly install and use your GMT Sling, follow these steps:

1. Installation:

- Attach the sling to your weapon by threading the webbing through the designated attachment points.
- Ensure that the double locking buckle is correctly positioned and securely fastened.

2. Adjustment:

- To tighten the sling, pull on the tail of the sling until the desired tension is achieved.
- To loosen the sling, grasp the spherical release knob and pull gently to adjust the tension.
- Make sure the adjuster is locked in place before use to prevent accidental adjustments.

3. Usage:

- When using the sling, ensure it is comfortable and does not restrict movement.
- Always keep your weapon pointed in a safe direction when adjusting the sling.
- If you experience any discomfort or difficulty while using the sling, stop using it immediately and reassess its fit and adjustment.

Disposal Instructions

At the end of the GMT Sling's life cycle, please dispose of it responsibly:

- Do not dispose of the sling in regular household waste.
- Check local regulations for proper disposal methods for nylon and plastic materials.
- If possible, recycle the materials to minimize environmental impact.

Contact Information for Further Support

For any safety inquiries or additional support regarding the GMT Sling, please contact your local distributor or refer to the manufacturer's website.

Conclusion

By following these safety instructions, you can ensure the safe and effective use of your GMT Sling. Always prioritize safety and maintenance to enhance your experience with this product. Thank you for choosing Blue Force Gear.
