

17 REMINGTON BRASS CASE - NORMA 17 REMINGTON BRASS 50/BOX

[Reloading](#) > [Brass](#) > [Rifle Brass](#)

Norma Brass provides the serious reloader a premium grade, quality cartridge to reload. Norma Brass is bulk packed from the same lot. We try to keep a good supply of brass in inventory, but due to factory production and delivery delays, we may occasionally be out of some cartridges. Norma Brass is made to such exact standards that the cartridges typically include machined case heads, drilled (not punched) flash holes and close tolerance wall thickness.

Attributes

- Name: [NORMA 17 REMINGTON BRASS 50/BOX](#)

Safety Instruction Guide for 17 Remington Brass Case

Introduction

Thank you for choosing the 17 Remington Brass Case by Norma. This guide provides essential safety instructions to ensure the safe handling, usage, and disposal of this product. Please read this guide carefully before use.

General Safety Guidelines

- Ensure that you are familiar with the laws and regulations regarding the use of reloading components in your region.
- Keep all reloading materials and components out of reach of children and unauthorized individuals.
- Always use protective eyewear and hearing protection when reloading ammunition.
- Store brass cases in a cool, dry place to prevent corrosion and ensure longevity.
- Regularly inspect brass cases for signs of wear, damage, or defects before use.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Only use this brass case with compatible firearms that are designed for the 17 Remington cartridge.
- Do not exceed recommended load limits when reloading ammunition.
- Ensure that your reloading equipment is in good working condition and properly calibrated.
- Always follow the manufacturer's instructions for your reloading equipment and components.
- Avoid using damaged or deformed brass cases, as they can lead to malfunctions or accidents.
- Be cautious of potential hazards such as lead exposure and follow appropriate safety measures to minimize risks.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary reloading equipment and components, including powder, primers, bullets, and the 17 Remington brass cases.
- Ensure your workspace is clean, organized, and well-ventilated.

2. Inspection:

- Inspect each brass case for any signs of damage or wear.
- Discard any cases that appear compromised.

3. Reloading Process:

- Follow the specific reloading data for the 17 Remington cartridge from a reliable source.
- Carefully measure and add the appropriate amount of powder to the brass case.
- Insert the primer into the primer pocket using a primer tool.
- Seat the bullet to the specified overall length, ensuring it is properly aligned.

4. Final Checks:

- Double-check all loaded rounds for consistency and quality.
- Store completed ammunition in a safe, labeled container.

5. **Firing:**

- Only fire reloaded ammunition in firearms that are in proper working condition and have been regularly maintained.
- Follow all safety protocols when handling firearms, including keeping the muzzle pointed in a safe direction and keeping your finger off the trigger until ready to shoot.

Disposal Instructions

- Dispose of any unused or damaged brass cases in accordance with local regulations.
- Do not discard brass cases in regular household waste. Instead, consider recycling them or returning them to a local reloading supply store.
- Follow proper hazardous waste disposal guidelines for any materials that may be harmful to the environment.

Contact Information for Further Support

For any safety inquiries or concerns regarding this product, please refer to the EUbased contact point provided by the manufacturer. Ensure you have the product details ready for a more efficient response.

Thank you for taking the time to read this safety instruction guide. Your safety and the safety of those around you is our top priority. Enjoy your reloading experience with the 17 Remington Brass Case by Norma.
