

IRON SIGHT SLIDES FOR SIG P365XL - BROWNELLS IRON SIGHT SLIDE FOR SIG P365 XL W/ WINDOW

[Handgun Parts](#) > [Slide Parts](#) > [Slides](#)

Ergonomically Enhanced for Better Control & Performance

The Brownells Iron Sight Slide for the SIG P365 XL pistol offers the quality, robustness, and ergonomic enhancements of our slides for Glock pistols. Deep and wide front and rear cocking serrations give you an excellent non-slip grasp for a quick press check or to rack the slide under any conditions. The slide's edges have been beveled and de-horned to prevent snagging on a holster or clothing. The Iron Sight Slide for SIG P365 XL is available with a Window cut into the forward top of the slide for weight reduction and because it just looks cool! The window is a great way to show off an aftermarket barrel with a contrasting finish, fluting, spirals, flames, or some other exterior pattern. Or you can get your slide with a Solid top, no window. Both versions come with factory front and rear sight dovetails. Fits the SIG Sauer P365 XL FCU & grip modules Large front / rear cocking serrations Factory sight dovetails Tough, non-reflective Black Nitride finish Available with Solid top or with Window cutout The Brownells Iron Sight Slide for SIG P365 XL is perfect for upgrading an existing factory P365 XL or for your own custom build. Each slide is precision machined from a billet of 17-4 stainless steel for precise fit to a SIG P365 FCU and grip module. A hard, non-reflective Black Nitride finish protects the slide from surface wear and corrosion. Brownells Gun Tech™
Note: Our Iron Sight Slide for SIG P365 XL consists of the bare slide only. You will need to retain your pistol's existing internal parts or use aftermarket parts.

Safety Instruction Guide for Brownells Iron Sight Slide for SIG P365 XL

Introduction

Thank you for choosing the Brownells Iron Sight Slide for your SIG P365 XL pistol. This guide provides essential safety instructions to ensure the safe and proper use of your product. Please read this document carefully before installation and usage.

General Safety Guidelines

- Always treat your firearm and its components as if they are loaded.
- Ensure that the firearm is pointed in a safe direction at all times during installation and handling.
- Keep the firearm out of the reach of children and unauthorized users.
- Do not use the Iron Sight Slide if it appears damaged or defective.
- Only use compatible internal parts when installing the slide.
- Follow all local laws and regulations regarding firearm modifications and usage.
- Report any unsafe products or accidents to the appropriate authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure the firearm is unloaded before beginning installation.
- Use protective eyewear during installation to prevent injury from metal shavings or debris.
- Do not force any components during installation; if parts do not fit, consult a professional.
- Avoid using the slide in conditions that may compromise safety, such as extreme temperatures or moisture.
- Regularly inspect the slide for wear and tear, and replace it if necessary.
- Be cautious of sharp edges on the slide during handling.

Instructions for Installation and Usage

1. Preparation

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools, including a punch tool, a hammer, and a torque wrench.

2. Remove Existing Slide

- Follow the manufacturer's instructions to remove the existing slide from the SIG P365 XL frame.
- Keep all internal parts safe for reinstallation.

3. Install the Iron Sight Slide

- Align the Iron Sight Slide with the frame of the SIG P365 XL.
- Gently slide it into place, ensuring it fits snugly without forcing it.
- Use a punch tool to install any necessary pins securely.

4. Reinstall Internal Parts

- Carefully reinstall the internal parts from the original slide into the new Iron Sight Slide.
- Ensure all parts are seated properly and securely.

5. Final Checks

- Perform a function check to ensure the slide operates smoothly.
- Confirm that the firearm is still unloaded after installation.
- Store the firearm in a secure location.

Disposal Instructions

- Dispose of any packaging materials in accordance with local waste disposal regulations.
- If you need to dispose of the Iron Sight Slide, consult local laws regarding the disposal of firearm components.
- Do not discard the slide in a manner that could pose a safety risk to others.

Contact Information for Further Support

For any questions or concerns regarding the installation and usage of the Brownells Iron Sight Slide for SIG P365 XL, please contact the manufacturer or a qualified gunsmith for assistance.

Thank you for your attention to these safety instructions. Your safety is our priority, and we hope you enjoy your new Iron Sight Slide.
