

# BARRELS FOR SIG P365XL 9MM - BROWNELLS BRN PISTOL BARREL FOR SIG P365XL 9MMNON-THREADED, BLK

[Handgun Parts](#) > [Barrel Parts](#) > [Barrels](#)

A Premium Barrel To Maximize the Performance of Your Sig P365XL The Sig P365XL is an outstanding EDC / CCW / personal defense pistol. It's not designed to punch the tightest groups on paper targets - but it has a lot more accuracy potential than folks may think. Drop in our Match-Grade Barrel for the Sig P365XL and find out just how much more accuracy your P365XL is ready to give you! What makes our Sig P365XL barrel match-grade is the way it's machined from hardened 416R stainless steel to precise dimensions for a tight lockup and long service life. Installation should be a straight drop-in deal on most guns. The extra-hard Black Nitride finish resists surface wear and stops in its tracks whatever corrosion might try to challenge the stainless steel. Ahead of the 9mm Luger (9x19mm) chamber is a button-rifled bore with standard, 1-10" right-hand, 6-groove rifling. Fits Sig P365XL Only 416R Stainless Steel Black Nitride Finish Button-Rifled, 1-10" Twist Threaded Model has 1/2"-28 tpi Our Match-Grade Barrel for the Sig P365 is available with your choice of a Plain muzzle or Threaded (1/2"-28 tpi) to enable installation of a compensator or sound suppressor. Both are laser engraved with the chambering and the Sig model they fit.

# Safety Instruction Guide for BARRELS FOR SIG P365XL 9MM

## Introduction

Thank you for choosing the BARRELS FOR SIG P365XL 9MM from BROWNELLS. This premium barrel is designed to enhance the performance of your Sig P365XL pistol. To ensure safe use and maximize your experience, please read this safety instruction guide carefully.

## General Safety Guidelines

- Always treat the firearm as if it is loaded.
- Ensure that the barrel is compatible with your specific model, the Sig P365XL.
- Keep the barrel and all firearms out of reach of children and unauthorized users.
- Always wear appropriate eye and ear protection when handling firearms.
- Be aware of your surroundings and ensure a safe shooting environment.
- Regularly inspect the barrel for signs of wear or damage.

## Specific Safety Precautions for Use

- Do not exceed the recommended cartridge specifications (9 mm Luger).
- Ensure that the firearm is unloaded before installation or maintenance.
- Avoid using the barrel with any modifications that could affect its performance or safety.
- Do not use the barrel if it shows signs of corrosion or damage.
- Ensure that the barrel is properly cleaned and maintained to prevent malfunctions.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the firearm is unloaded.
- Remove the existing barrel from the Sig P365XL.
- Insert the new BROWNELLS barrel into the firearm, ensuring a tight fit.
- Check for proper alignment and lockup before proceeding.
- Replace any components that were removed during the installation process.

### 2. Usage:

- Load the firearm with the appropriate 9 mm Luger cartridges.
- Follow standard operating procedures for handling and firing the firearm.
- Regularly check the barrel for proper function and cleanliness after use.

## Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- If the barrel is damaged beyond use, follow local guidelines for the disposal of metal products.
- Do not dispose of the barrel in regular household waste.

## Contact Information for Further Support

For any inquiries regarding safety or product information, please reach out to the designated contact point provided by the retailer or manufacturer.

## Conclusion

By following these safety instructions, you can ensure a safe and enjoyable experience with your BARRELS FOR SIG P365XL 9MM. Always prioritize safety and responsible firearm handling. Thank you for your attention to these guidelines.
