Safety Instruction Guide for M3500 12 Gauge SemiAuto Shotgun

Introduction

Thank you for choosing the Stoeger M3500 12 Gauge SemiAuto Shotgun. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your shotgun. Please read this manual carefully and familiarize yourself with all safety precautions before using the product.

General Safety Guidelines

- Ensure that all users of the shotgun are familiar with firearm safety rules and regulations.
- Always treat the shotgun as if it is loaded, even when you believe it is not.
- Keep the shotgun pointed in a safe direction at all times.
- Keep your finger off the trigger until you are ready to shoot.
- Store the shotgun in a secure location, away from children and unauthorized users.
- Regularly inspect the shotgun for any signs of wear or damage before use.
- Use only the recommended ammunition for your shotgun.
- Be aware of your surroundings and ensure that your shooting area is safe and free of obstructions.

Specific Safety Precautions for Use

- Always wear appropriate eye and ear protection when shooting.
- Do not use the shotgun if you are under the influence of drugs or alcohol.
- Be cautious of the shotgun's recoil and ensure a firm grip while shooting.
- Avoid using the shotgun in wet or muddy conditions that could affect its performance.
- Do not attempt to modify or alter the shotgun in any way.
- If a misfire occurs, keep the shotgun pointed downrange for at least 30 seconds before attempting to clear it.
- Familiarize yourself with the location and function of all safety features on the shotgun.

Instructions for Installation and Usage

1. Unpacking and Inspection

- Carefully remove the shotgun from its packaging.
- Inspect the shotgun for any signs of damage or missing parts.
- Ensure that all components are present as per the manufacturer's specifications.

2. Loading the Shotgun

- Ensure the shotgun is pointed in a safe direction.
- Open the action and visually inspect the chamber to ensure it is clear of any obstructions.
- Load the magazine with the appropriate ammunition, following the manufacturer's specifications.

3. Firing the Shotgun

- Ensure the safety is in the "off" position before firing.
- Aim at the target and ensure the area beyond the target is clear.
- Squeeze the trigger gently to fire the shotgun.

4. Clearing the Shotgun

- If the shotgun does not fire, wait for 30 seconds before attempting to open the action.
- Open the action and remove any unfired shells.
- Inspect the chamber and magazine for any obstructions.

5. Maintenance

- Clean the shotgun regularly to ensure optimal performance.
- Use the appropriate cleaning tools and solvents as recommended by the manufacturer.
- Store the shotgun in a dry, secure place when not in use.

Disposal Instructions

- Dispose of any used ammunition and shotgun components in accordance with local regulations.
- Do not throw the shotgun in regular trash. Instead, contact local authorities for proper disposal methods.
- Ensure that the shotgun is rendered inoperable before disposal to prevent unauthorized use.

Contact Information for Further Support

For any questions or concerns regarding the Stoeger M3500 12 Gauge SemiAuto Shotgun, please refer to the manufacturer's contact information provided in the product packaging or visit the official website.

By following these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your Stoeger M3500 12 Gauge SemiAuto Shotgun. Always prioritize safety and responsibility while handling firearms.
