## Strength of a Machined Receiver With Universal Fit of a Forged Lower

Aero Precision's M4E1 Stripped Lower Receiver delivers the strength and unique looks of a billet machined lower, with the lower cost, lighter weight, and easy parts compatibility of a forged lower. The M4E1 starts as an "enhanced" forging from extra-strong 7075 T6 aluminum that is precision machined to final dimensions for compatibility with all standard "mil-spec" AR-15 parts. As a bonus, the good-looking M4E1 has a streamlined profile, without the chunky appearance of many milled lowers. Actually, the Aero Precision M4E1 Stripped Lower Receiver is not quite "stripped." Extra benefits include an integral triggerguard, which creates a more rigid, structurally sound receiver than a standard AR-15 lower, and also eliminates the risk of accidentally breaking off a triggerguard tab when working on the rifle. The enlarged triggerguard opening gives extra clearance so you can easily operate the trigger when wearing gloves. The M4E1 comes with an easy-to-install threaded bolt catch roll pin that eliminates the risk of damaging the lower's finish during installation (OK, you may be able to still do damage, but you'll have to work hard at it!). Other features of the Aero Precision M4E1 stripped lower include: Flared magwell opening facilitates fast, one-shot mag changes Threaded takedown pin detent recess for easy buffer removal without chasing down a flyaway detent! Accepts standard mil-spec AR-15 fire control components, pistol grip, buffer tubes & stocks Hardcoat anodized to resist surface wear, in Matte Black or Cerakote™ Flat Dark Earth The Aero Precision M4E1 Stripped Lower Receiver even has a polymer-tipped tensioning screw nestled in the grip tang that you can adjust for a tight, rattle-free fit with the upper receiver. All the benefits of a custom machined lower without the downside!

## Attributes

- Name: [AERO PRECISION M4E1 STRIPPED LOWER RECEIVER FOR AR-15 ODG CERAKOTE](#)
- Manufacturer: [AERO PRECISION](#)
- Product no.: 430103050
- Mfr. No.: APAR600070C
- Cartridge: Multi
- Colour: O.D. Green
- Finish: Cerakote
- Style: Stripped
- Delivery weight: 0.454kg
- Shipping height: 57mm
- Shipping width: 108mm
- Shipping length: 229mm
- UPC: 840014618293

## Item details

Made in USA

US export classification: 0A509.b

# AR15 M4E1 Stripped Lower Receiver Safety Instruction Guide

## Introduction

Thank you for choosing the Aero Precision M4E1 Stripped Lower Receiver. This guide provides essential safety instructions to ensure the safe installation and use of the product. Please read this guide carefully to understand how to handle and maintain your lower receiver safely.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as a component of an AR15 rifle.
- Always handle firearms and their components with care, following safe handling practices.
- Keep the lower receiver out of reach of children and unauthorized users.
- Regularly inspect the lower receiver for any signs of damage or wear.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection, when handling or working on firearms.
- Only use compatible parts and accessories designed for the AR15 platform.
- Before installation, ensure that the lower receiver is free from any obstructions and that it is in a safe condition.
- Avoid using excessive force during installation to prevent damaging the lower receiver or other components.
- Ensure that the triggerguard is intact and properly installed to avoid accidental breakage.
- When operating the trigger, ensure that your fingers are clear of the trigger area until you are ready to fire.
- If you experience any issues during installation or use, cease operation immediately and consult a qualified gunsmith.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and components before starting the installation.
- Ensure that you are working in a clean and welllit area.

### 2. Installation Steps:

- Remove any packaging and inspect the lower receiver for any damage.
- Align the lower receiver with the upper receiver, ensuring compatibility.
- Install the threaded bolt catch roll pin carefully to avoid damaging the finish.
- Attach the pistol grip, buffer tube, and other components according to the manufacturer's instructions.
- Ensure that the triggerguard is properly installed and securely fastened.

### 3. Usage:

- Familiarize yourself with the operation of the AR15 rifle as a whole.
- Practice safe handling and operation at all times.
- Regularly check for proper function and maintenance of all components.

## **Disposal Instructions**

- Dispose of any packaging materials in accordance with local regulations.
- If the lower receiver is damaged beyond repair, consult local regulations for proper disposal methods.
- Recycle materials where possible, ensuring that any hazardous materials are disposed of safely.

## **Contact Information for Further Support**

For any questions or concerns regarding the Aero Precision M4E1 Stripped Lower Receiver, please refer to the manufacturer's official website or contact their support team directly. It is important to have access to reliable information for safe handling and maintenance of your product.

By following these guidelines, you can ensure the safe use and longevity of your Aero Precision M4E1 Stripped Lower Receiver. Always prioritize safety and responsible handling to enjoy your firearm responsibly.
