

M89 11.5" DRIVE LOCK HANDGUARD w/ 13.7" 5.56 BARREL BUNDLE - BROWNELLS M89 11.5" DRIVE LOCK HANDGUARD W/13.7" 5.56 BARREL SET

[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

Available for the first time in this length, exclusive release for Brownells. The revolutionary, patent pending Drive lock design, uses three independent wedges that interface with the angular grooves in our proprietary barrel nut. This system clamps the rail onto the steel barrel nut with extreme force and precision, while also driving the handguard rearward towards the upper receiver. The slightly larger ID of that extrusion gives us more real estate around the gas block, even more rigidity than the M76, and takes longer to heat. SOLGW is not discontinuing the M76. That will remain in full production. They are just adding the M89 to the lineup. Ballistic Advantage AR-15 barrels come in a great variety of chamberings, lengths, and contours, so you are certain to find the exact barrel you need for any type of rifle you are building or upgrading. These barrels are precision machined from extra-strong 4150 chrome-moly-vanadium steel alloy and have a nickel-boron coated barrel extension with M4 feed ramps to help ensure reliable feeding and extraction. The Government, M4, and SPR, and DMR profiles are all well-known among AR-15 aficionados. All barrels are chambered in 5.56 NATO, so they accept both military-type 5.56x45mm and civilian .223 Remington ammo. The DRP (Distinct Rigid Profile) is a stocky profile designed for short pistol / SBR barrels. On their longer AR-15 barrels, the Ballistic Advantage folks eliminated sharp shoulders and smoothed the tapers to symmetrically limit barrel "whip" caused by vibrations and flexing during prolonged shooting. This also controls barrel harmonics, so the barrel returns quickly to its "home" position after each shot - highly beneficial for follow up shots at a high rate of fire or even full-auto fire. Tough black QPQ finish

M89 11.5" Drive Lock Handguard with 13.7" 5.56 Barrel Bundle Safety Instruction Guide

Introduction

Thank you for choosing the M89 11.5" Drive Lock Handguard with 13.7" 5.56 Barrel Bundle. This product is designed for durability and performance. However, to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR), please read and follow this safety instruction guide carefully.

General Safety Guidelines

- **Product Safety:** Ensure safe use of this product by following all instructions. Understand that this product is a nonfood item and should be treated with care.
- **Enhanced Recalls:** In the event of a product recall, you will be notified with standardized recall notices. Follow the instructions provided for safe return or remedy.
- **Online Shopping:** If purchased online, the same safety protections apply as in physical stores. Ensure the online platform complies with safety requirements.
- **Special Consumer Focus:** This product is designed for adult users. Keep out of reach of children to prevent accidents.
- **EU Contact Point:** For safety inquiries, refer to the EU contact point associated with this product.
- **Rapid Alerts:** Stay informed about any safety updates regarding this product via the EU Safety Gate system.

Specific Safety Precautions for Use

- **Installation Safety:** Ensure the firearm is unloaded before installation. Always work in a safe environment.
- **Handling:** Always treat the firearm as if it is loaded. Keep your finger off the trigger until ready to shoot.
- **Protective Gear:** Wear appropriate protective gear, including eye and ear protection, when using the firearm.
- **Storage:** Store the firearm and accessories in a secure location, away from children and unauthorized users.
- **Inspection:** Regularly inspect the handguard and barrel for any signs of wear or damage before use.

Instructions for Installation and Usage

1. Preparation:

- Ensure all tools required for installation are available.
- Read the installation instructions thoroughly before beginning.

2. Installation:

- Remove the existing handguard from your AR15 by loosening the screws or clamps.
- Align the M89 Drive Lock Handguard with the barrel nut, ensuring the three independent wedges are positioned correctly.
- Tighten the screws to secure the handguard in place. Ensure it is clamped firmly to the barrel nut.
- Check that the handguard is securely attached and does not move.

3. Usage:

- After installation, ensure the firearm is functioning correctly before use.
- Follow all standard operating procedures for handling and firing your AR15.

- Monitor the handguard and barrel during use for any signs of overheating or damage.

4. PostUse:

- Clean the handguard and barrel according to the manufacturer's recommendations.
- Store the firearm securely after use.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Contact local authorities for guidance on proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the M89 11.5" Drive Lock Handguard with 13.7" 5.56 Barrel Bundle, please refer to the contact information provided with your purchase.

By following these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your new product. Thank you for your attention to safety.
