

# M-LOK CABLE MANAGEMENT PANEL - FORWARD CONTROLS DESIGN M-LOK CABLE MANAGEMENT PANEL BLK

[Rifle Parts](#) > [Forend & Handguard Parts](#) > [Handguard & Rail Accessories](#) > [Accessory Rails](#)

PCM (Panel, Cable Management) it is an MLOK compatible cable management panel/cover that protects and routes the cable underneath. TNVC and FCD had determined that internal/protected routing of cable is the most secure means of keeping it immobile, as it doesn't rely on friction, and can't be pulled out without removing the panel itself. PCM makes it possible for the cable to go straight through, or round a 90 degree angle, or even a 180 degree turn. PCM's cable routing can accommodate cables up to 0.140" in diameter. For references, Surefire's cables are 0.115" average, while the thickest Unity Tactical cables are 0.140 average. Billet machined from solid 6061 aluminum and Type III hard coat anodized, PCM has the AA (all angles), dimpled texture we've been using on FCD's bolt catches, magazine release buttons, and forward assist since 2016. PCM is shipped with MLOK mounting hardware, and can be staggered next to each other. One panel per package. Available in Type III anodized black, FDE, or ODG. Length: PCM, 1.57", fills one MLOK slot. Width: 0.6" Height: 0.22" (installed) Weight: PCM, 0.32oz, with MLOK nut and bolt. PCM-L, 3.14", fills two MLOK slots. Width: 0.6" Height: 0.22" (installed) Proudly designed and made in the USA. PCM is a collaboration between FCD and TNVC (Tactical Night Vision Company), TNVC's PCM can be found here: <https://tnvc.com/shop/tnvc-fcd-pcm-mlok/> NOTE: PCM ships with one panel per package.

## Attributes

- Name: [FORWARD CONTROLS DESIGN M-LOK CABLE MANAGEMENT PANEL BLK](#)
- Manufacturer: [FORWARD CONTROLS DESIGN](#)
- Product no.: 430103568
- Mfr. No.: PCM, BLACK
- Colour: Black
- Length: 1.57
- Material: Aluminum
- Style: -
- Type: M-LOK
- Weapon type: AR-15
- Delivery weight: 0.336kg
- Shipping height: 20mm
- Shipping width: 83mm
- Shipping length: 140mm
- UPC: 687408648555

# MLOK Cable Management Panel Safety Instructions

## Introduction

Thank you for choosing the MLOK Cable Management Panel from Forward Controls Design. This product is designed to enhance your firearm's functionality by providing a secure and organized way to manage cables. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Ensure that the product is used only as intended.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage.
- If you notice any defects or malfunctions, discontinue use immediately and seek assistance.
- Follow all local laws and regulations regarding firearm accessories.

## Specific Safety Precautions for Use

- **Installation Safety:** Always ensure that the firearm is unloaded before installing the cable management panel.
- **Cable Management:** Ensure that cables are routed properly to avoid interference with the firearm's operation.
- **Weight Limit:** Do not exceed the cable diameter limit of 0.140 inches to ensure proper functioning.
- **Handling:** Use caution when handling the panel, as sharp edges may be present.
- **Environmental Conditions:** Avoid exposing the product to extreme temperatures or moisture, which may affect its performance.

## Instructions for Installation and Usage

1. **Unpack the Product:** Carefully remove the MLOK Cable Management Panel from its packaging, ensuring no parts are lost.
2. **Check Components:** Verify that all components, including MLOK mounting hardware, are included.
3. **Prepare the Firearm:**
  - Ensure the firearm is unloaded.
  - Remove any existing accessories that may interfere with the installation.
4. **Mounting the Panel:**
  - Align the panel with the desired MLOK slot on your firearm.
  - Insert the MLOK nuts and bolts through the panel's mounting holes.
  - Tighten securely, ensuring the panel is stable and does not move.
5. **Cable Routing:**
  - Route your cables through the panel, ensuring they follow the intended path (straight, 90degree, or 180degree turns).
  - Ensure that cables are not pinched or kinked.
6. **Final Inspection:**
  - Check that all components are secure and that there is no interference with the firearm's

operation.

- Test the functionality of the cable management setup before using the firearm.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations for electronic and metal waste.
- Do not dispose of the product in regular household waste.
- Consider recycling options available in your area to minimize environmental impact.

## **Contact Information for Further Support**

For any inquiries regarding the MLOK Cable Management Panel, please refer to the official website of Forward Controls Design or the retailer from which the product was purchased.

By following these safety instructions, you can ensure the safe and effective use of your MLOK Cable Management Panel. Thank you for your attention to safety, and enjoy your new product!
