

# M-LOK CABLE MANAGEMENT PANEL - FORWARD CONTROLS DESIGN M-LOK CABLE MANAGEMENT PANEL ODG

[Rifle Parts](#) > [Forend & Handguard Parts](#) > [Handguard & Rail Accessories](#) > [Accessory Rails](#)

PCM (Panel, Cable Management) it is an MLOK compatible cable management panel/cover that protects and routes the cable underneath. TNVC and FCD had determined that internal/protected routing of cable is the most secure means of keeping it immobile, as it doesn't rely on friction, and can't be pulled out without removing the panel itself. PCM makes it possible for the cable to go straight through, or round a 90 degree angle, or even a 180 degree turn. PCM's cable routing can accommodate cables up to 0.140" in diameter. For references, Surefire's cables are 0.115" average, while the thickest Unity Tactical cables are 0.140 average. Billet machined from solid 6061 aluminum and Type III hard coat anodized, PCM has the AA (all angles), dimpled texture we've been using on FCD's bolt catches, magazine release buttons, and forward assist since 2016. PCM is shipped with MLOK mounting hardware, and can be staggered next to each other. One panel per package. Available in Type III anodized black, FDE, or ODG. Length: PCM, 1.57", fills one MLOK slot. Width: 0.6" Height: 0.22" (installed) Weight: PCM, 0.32oz, with MLOK nut and bolt. PCM-L, 3.14", fills two MLOK slots. Width: 0.6" Height: 0.22" (installed) Proudly designed and made in the USA. PCM is a collaboration between FCD and TNVC (Tactical Night Vision Company), TNVC's PCM can be found here: <https://tnvc.com/shop/tnvc-fcd-pcm-mlok/> NOTE: PCM ships with one panel per package.

## Attributes

- Name: [FORWARD CONTROLS DESIGN M-LOK CABLE MANAGEMENT PANEL ODG](#)
- Manufacturer: [FORWARD CONTROLS DESIGN](#)
- Product no.: 430103570
- Mfr. No.: PCM, ODG
- Colour: O.D. Green
- Length: 1.57
- Material: Aluminum
- Style: -
- Type: M-LOK
- Weapon type: AR-15
- Delivery weight: 0.336kg
- Shipping height: 20mm
- Shipping width: 83mm
- Shipping length: 140mm
- UPC: 687408648579

# MLOK Cable Management Panel Safety Instructions

## Introduction

Thank you for purchasing the MLOK Cable Management Panel by Forward Controls Design. This product is designed to provide a secure and efficient solution for managing cables in your AR15 setup. To ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR), please read and follow the instructions and guidelines provided in this manual.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always inspect the product for any damage or wear before installation.
- Keep the product out of reach of children and vulnerable individuals.
- If you encounter any issues or have safety concerns, do not hesitate to seek assistance.

## Specific Safety Precautions for Use

- **Installation Area:** Ensure that the installation area is clean and free of any obstructions.
- **Tools Required:** Use appropriate tools for installation to avoid damage to the panel or firearm.
- **Cable Compatibility:** The panel accommodates cables up to 0.140" in diameter. Ensure that your cables meet this specification.
- **Avoid Excessive Force:** Do not apply excessive force when tightening screws or bolts, as this may damage the panel or the firearm.
- **Secure Installation:** Ensure that the panel is securely mounted to prevent movement or detachment during use.

## Instructions for Installation and Usage

### 1. Unpack the Product:

- Carefully remove the MLOK Cable Management Panel from the packaging.
- Ensure all components, including MLOK mounting hardware, are included.

### 2. Select Installation Location:

- Choose an MLOK slot on your AR15 where you wish to install the panel.

### 3. Mounting the Panel:

- Align the panel with the selected MLOK slot.
- Insert the MLOK nut into the slot and align it with the panel.
- Secure the panel using the provided screws or bolts. Ensure it is tightened but do not overtighten.

### 4. Routing Cables:

- Route your cables through the panel as needed, either straight through, around a 90degree angle, or a 180degree turn.
- Ensure that cables are properly secured and do not interfere with the operation of the firearm.

### 5. Final Checks:

- Once installed, check that the panel is securely attached and that all cables are properly routed

and secured.

## Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste. Check for recycling options for aluminum materials.
- Ensure that any packaging materials are also disposed of responsibly.

## Contact Information for Further Support

For any inquiries regarding safety, installation, or product support, please refer to the official website or contact the manufacturer directly.

Thank you for choosing the MLOK Cable Management Panel. By following these safety instructions, you help ensure a safe and effective experience with your product.
