

VLD HUNTING 30 CALIBER (0.308") VLD BOAT TAIL BULLETS - BERGER BULLETS 30 CALIBER (0.308") 185GR VLD BOAT TAIL 100/BOX

[Reloading](#) > [Bullets](#) > [Rifle Bullets](#)

The Berger VLD Hunting Bullet is one of the flattest shooting hunting bullets in the industry. VLD Hunting Bullets are identical in design to VLD Target bullets except utilize a thinner J4 Precision jacket for rapid expansion during game applications. VLD Hunting Bullets are designed to penetrate 2-3" and then begin to expand and create a massive wound cavity up to 15". The hydrostatic shock causes most animals to drop immediately. VLD Hunting Bullets incorporate a secant ogive design which allows the bullet to experience less drag as it travels to the target. This reduced drag is why the VLD shoots flatter, experiences less wind-drift, and has a higher retained velocity than all others. A favorite load technique for the VLD's is touching the rifling for single-shot applications, although some rifles may prefer as much as .150" from the rifling. Berger VLD Hunting Bullets are extremely popular for long range hunting applications. Built with highly consistent J4 Precision Bullet jackets, most favored by custom bullet makers.

Attributes

- Name: [BERGER BULLETS 30 CALIBER \(0.308"\) 185GR VLD BOAT TAIL 100/BOX](#)
- Manufacturer: [BERGER BULLETS](#)
- Product no.: 430104152
- Mfr. No.: 30513
- Ballistic Coefficient (G1): 0.558

Safety Instruction Guide for VLD Hunting 30 Caliber Bullets

Introduction

Thank you for choosing the VLD Hunting 30 Caliber (0.308") VLD Boat Tail Bullets by Berger Bullets. This guide provides essential safety instructions to ensure the safe use of this product. Please read the entire guide carefully before using the bullets.

General Safety Guidelines

- Ensure that all users are familiar with firearm safety and handling procedures.
- Store bullets in a cool, dry place, away from direct sunlight and moisture.
- Keep bullets out of reach of children and unauthorized users.
- Regularly inspect bullets for any signs of damage before use.
- Always use appropriate personal protective equipment (PPE) when handling bullets, such as safety glasses and gloves.

Specific Safety Precautions for Use

- Use only in firearms that are designed for the .308 caliber.
- Do not exceed recommended load data for your specific firearm.
- Always doublecheck that the firearm is unloaded before inserting bullets.
- Avoid using damaged or deformed bullets, as they may cause malfunctions or accidents.
- Be aware of your surroundings and ensure a safe shooting environment.
- Never point a firearm at anything you do not intend to shoot.

Instructions for Installation and Usage

- Ensure that you are using the correct tools and equipment for bullet installation.
- Follow the manufacturer's recommendations for loading and seating the bullets.
 - Step 1: Verify that your firearm is clean and free of obstructions.
 - Step 2: Insert the bullet into the cartridge case, ensuring it is seated properly.
 - Step 3: Use a reloading press or tool to crimp the bullet if required.
 - Step 4: Store loaded ammunition in a secure location until ready for use.
- Always follow the specific instructions provided by your firearm manufacturer regarding bullet usage.

Disposal Instructions

- Dispose of any unused or damaged bullets in accordance with local regulations.
- Do not dispose of bullets in regular household waste.
- Contact local authorities for guidance on hazardous waste disposal if needed.

Contact Information for Further Support

For any safety inquiries or concerns regarding the VLD Hunting Bullets, please refer to the contact information provided on the packaging or visit the manufacturer's website for assistance.

By following these safety instructions, you can help ensure a safe and enjoyable experience while using the VLD Hunting 30 Caliber Bullets. Always prioritize safety and responsible handling to protect yourself and others.
