

RECC-E CARBINE STOCKS - REPTILIA CORP RECC-E CARBINE STOCK FDE

[Rifle Parts](#) > [Stock Parts](#) > [Buttstocks](#)

Introducing the RECC·E™ Carbine Stock by Reptilia®! After more than two years of development and testing, Reptilia is proud to announce the RECC·E Stock for AR15/M16 pattern rifles. Designed at the request of a military end user, the RECC·E Stock features a constant cheek weld, ambidextrous QD sling attachment points, rubber buttpad, and a modular design that allows usage of a standard AR15 carbine buffer system, or A5/SR25 carbine buffer system by replacing the receiver extension (buffer tube) and forward portion of the stock. Weighing only 12.0 ounces including the proprietary AR15-length receiver extension, the RECC·E stock is the ideal lightweight solution for the entire spectrum of AR-pattern guns from compact to precision. Includes Reptilia's proprietary carbine length receiver extension "buffer tube" and all mounting hardware. Receiver Extension: 7075-T6 Aluminum, Type III Milspec Anodized Finish Materials: Impact Modified Glass-Filled Nylon Polymer, 7075 Type III anodized aluminum, Nitrided alloy steel hardware Weight (AR15/M16): 12.0 oz. Length of Pull (AR15/M16): 10.8 in. – 14.2 in. Patents Pending

RECC·E™ Carbine Stock Safety Instructions

Introduction

Thank you for choosing the RECC·E™ Carbine Stock by Reptilia®. This product is designed for use with AR15/M16 pattern rifles and has undergone extensive testing to ensure safety and reliability. This safety instruction guide provides essential information to help you use this product safely and effectively in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always ensure the firearm is unloaded before installing or adjusting the stock.
- Do not exceed the manufacturer's specifications for weight and usage.
- Inspect the stock and all components for damage before each use.
- Keep the product out of reach of children and unauthorized users.
- Always wear appropriate protective gear when using firearms.
- Report any defects or concerns regarding the product to the appropriate authorities.

Specific Safety Precautions for Use

- Ensure that the carbine stock is securely attached to the firearm before use.
- Avoid using the stock if it shows signs of wear or damage.
- Do not modify the stock or its components in any way that could compromise safety.
- Be aware of your surroundings when using firearms equipped with this stock to avoid accidents.
- Follow all local laws and regulations regarding firearm usage.

Instructions for Installation and Usage

1. Installation:

- Begin with an unloaded firearm.
- Remove the existing stock by unscrewing the receiver extension (buffer tube) from the lower receiver.
- Attach the RECC·E Stock by screwing the proprietary receiver extension into the lower receiver.
- Ensure that the stock is securely fastened and that all mounting hardware is in place.

2. Usage:

- Adjust the length of pull to fit your preference, ranging from 10.8 inches to 14.2 inches.
- Ensure a proper cheek weld while aiming to maintain accuracy and comfort.
- Use the ambidextrous QD sling attachment points for secure carrying options.

Disposal Instructions

- Dispose of the RECC·E Carbine Stock in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Check with local waste management authorities for proper disposal methods for polymer and aluminum materials.

Contact Information for Further Support

For any questions or concerns regarding the RECC·E Carbine Stock, please refer to the manufacturer's website or contact their customer support for assistance. Always ensure that you have the latest information regarding

product recalls or safety updates.

Thank you for prioritizing safety while using the RECC·E Carbine Stock. Enjoy your shooting experience responsibly!
