[Rifle Parts](#) > [Receiver Parts](#) > [Receivers](#) > [Lower Receivers](#)

The Foxtrot Mike Mike-102 is a modern AK-Hybrid, designed for the modern shooter to use AK-102 magazines. Foxtrot Mike is known for producing innovative high-quality products, combined with the best customer service in the industry. The Mike-102 comes with a operating system that is integrated into the upper receiver, and based on the popular Mike-15 Gen 2 which launched 2 years ago. The Mike-102 boasts the same performance and ease of use as the popular Mike-15 Gen 2. It is lightweight, accurate, and modular, much like an AR-15, but with the added benefit of being able to use AK-102 magazines. It uses a simple DI operating system, simple and reliable. The production samples of the Mike-102 were put through rigorous testing at Kalashbash and Red October, and received positive feedback from consumers. It has been heavily tested using readily available AC Unity 5.56 magazines and has proven to be simple, reliable, and durable. The lightweight, direct-impingement operating system is housed in the upper receiver, and allows for the use of folding stocks and picatinny rail adapters. This rifle offers the same level of molecularity as a high-end AR, with the ability to use many of the same parts. Foxtrot Mike is known for their high-quality products and excellent customer service, now with the Mike-102, consumers can obtain a high-quality, accurate, lightweight modular AK hybrid, at a price that even blue-collar consumers can afford.
