

# 18650 CELL LIGHT BODY - ARISAKA DEFENSE 18650 SERIES LIGHT BODY FOR SUREFIRE LIGHT M600DF LIGHT

[Shooting Accessories](#) > [Flashlights & Accessories](#) > [Flashlight Accessories](#)

The Arisaka 18650 Series Light Body is designed as a streamlined replacement body for Surefire Scout Light M600DF weapon lights. The 18650 Series Light Body is manufactured without the mounting interface for the stock Picatinny clamp. This greatly increases the clearance for front sights when used in combination with the Arisaka Inline Scout Mount on handguards with 45 degree mounting surfaces adjacent to the top Picatinny rail. It will also fit in any aftermarket Scout mount, as it retains the mounting holes and square lug interface on the underside of the light body. Head compatibility: Malkoff E2XTL Modlite OKW Modlite PLHv2 Surefire M600DF Tailcap compatibility: Arisaka Momentary Surefire UE Surefire DS Surefire Z68 Clicky Weight: 0.6 oz The light body is CNC machined from 6061-T651 aluminum and MIL-A-8625 Type III hard coat anodized. High quality Buna-N O-rings are included. Product does not include light head, tail cap or mounting screws. Hardware: One #19 o-ring, one #15 o-ring. Made in the USA.

# Safety Instruction Guide for Arisaka 18650 Series Light Body

## Introduction

Thank you for choosing the Arisaka 18650 Series Light Body. This product is designed to enhance your Surefire Scout Light M600DF weapon lights. Please read this safety instruction guide carefully to ensure safe and proper use of the product.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always handle the light body with care to prevent damage.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the light body for any signs of wear or damage.
- Follow all local laws and regulations regarding the use of weapon lights.

## Specific Safety Precautions for Use

- Avoid exposing the light body to extreme temperatures or harsh environments, as this may affect its performance.
- Do not attempt to modify or disassemble the light body, as this may lead to safety hazards.
- Ensure that the light body is securely attached to the mounting system before use to prevent accidental detachment.
- Use only compatible light heads and tailcaps as specified in the product description to ensure optimal performance.
- If you notice any unusual behavior or damage to the light body, discontinue use immediately and seek assistance.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the weapon is unloaded and safe before installation.
- Remove the existing light body from the Surefire Scout Light M600DF.
- Align the Arisaka 18650 Series Light Body with the mounting interface on your Scout mount.
- Securely attach the light body, ensuring that it is properly seated and tightened.

### 2. Usage:

- Insert a compatible 18650 battery into the light body, following the polarity markings.
- Attach the compatible light head and tailcap securely.
- Activate the light using the designated switch on the tailcap.
- Always check the functionality of the light before use in critical situations.

### 3. Maintenance:

- Regularly clean the light body with a soft, dry cloth.
- Inspect O-rings for wear and replace them if necessary to maintain water resistance.
- Store the light body in a cool, dry place when not in use.

## Disposal Instructions

- Dispose of the light body and any batteries in accordance with local regulations for electronic waste.
- Do not dispose of the product in regular household waste.
- Remove batteries from the light body before disposal.

## Contact Information for Further Support

For any inquiries or concerns regarding the safety and use of this product, please refer to the manufacturer's contact details provided in the product packaging or on the manufacturer's website.

By following these safety instructions, you can ensure a safe and effective experience with your Arisaka 18650 Series Light Body. Thank you for your attention to safety!
