

BAG RIDER FOR ARISAKA STOCK ANGLE ADAPTER - ARISAKA DEFENSE BAG RIDER FOR ARISAKA STOCK ANGLE ADAPTER, BLACK

[Rifle Parts](#) > [Stock Parts](#) > [Buttstocks](#)

The Bag Rider CTR is a bolt on addition to the Arisaka Stock Angle Adapter CTR that provides additional functionality with three important features: Provides greater surface area for riding on top of rear rifle bags. Provides a hooked rear surface to facilitate modern precision shooting techniques by providing the support hand a solid point of contact on the rifle stock. Adds a bottom facing QD sling mount socket for competition use, allowing the user to attach a bag to the rear of the rifle quickly and easily. Mike Olivella from Praecore Performance was the catalyst for the Stock Angle Adapter and the inspiration for the Bag Rider: The Stock Angle Adapter is the first installment in a series of precision rifle focused, ergonomic upgrades. The geometry of most popular carbine stocks support a variety of shooting techniques and work well within those requirements. However, if we take a look at any modern, precision focused bolt gun chassis, you will note that all of them feature a 90 degree angle for the recoil pad. This isn't by accident. This geometry promotes greater contact surface area for one of the critical alignment components of a shooter's position behind the rifle. Arisaka took Mike Olivella's requirements and went a step further by incorporating a simple and lightweight solution to the critical fitting components of recoil pad height and cant. Different optic mount and shooter requirements have shown in testing there is almost no wrong configuration, but he does have his favorites. The finishing touch that can't be overlooked is how Arisaka made this accessory to not only work with a few common carbine stocks but also allowed it to accept a popular aftermarket recoil pad. For gas gun precision rifle shooters, this upgrade offers your rifle a lightweight, custom fit solution for your recoil pad with an extra bump up in surface area for your rear support. Weight: 3 oz The adapter is CNC machined from 6061-T651 aluminum and MIL-A-8625 Type III hard coat anodized. Compatible with the Magpul CTR and MOE carbine stocks. This Part Requires the Arisaka Stock Angle Adapter CTR

Attributes

- Name: [ARISAKA DEFENSE BAG RIDER FOR ARISAKA STOCK ANGLE ADAPTER, BLACK](#)
- Manufacturer: [ARISAKA DEFENSE](#)
- Product no.: 430104545
- Mfr. No.: SAA-BR-CTR-BK
- Colour: Black
- Material: Aluminum
- Weapon type: Arisaka
- Delivery weight: 0.045kg
- Shipping height: 25mm
- Shipping width: 95mm
- Shipping length: 127mm
- UPC: 850036188254

Safety Instruction Guide for Bag Rider for Arisaka Stock Angle Adapter

Introduction

Thank you for choosing the Bag Rider for Arisaka Stock Angle Adapter. This product is designed to enhance your shooting experience by providing additional functionality and support. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- **Product Safety:** This product is designed for safe use. Ensure you follow all instructions to avoid risks associated with improper use.
- **Enhanced Recalls:** In the event of a product recall, you will be notified through standardized notices. You may receive free remedies for any dangerous products.
- **Online Shopping Safety:** If you purchased this product online, you have the same safety protections as if you bought it in a physical store.
- **Special Consumer Focus:** Extra precautions are recommended for vulnerable groups, including children. Keep this product out of reach of children.
- **EU Contact Point:** For safety inquiries, refer to the relevant EU-based contact point.
- **Rapid Alerts:** Stay informed about unsafe products by checking the EU's Safety Gate platform for updates.

Specific Safety Precautions for Use

- **Age Restriction:** This product is intended for adult users. Ensure that it is not used by individuals under the age of 18.
- **Proper Fit:** Ensure that the Bag Rider is properly fitted to the Arisaka Stock Angle Adapter before use.
- **Inspection Before Use:** Always inspect the product for any signs of damage or wear before each use. Do not use if damaged.
- **Shooting Position:** Use the product in a stable shooting position to prevent accidents.
- **Sling Attachment:** Ensure that the QD sling mount socket is securely attached before using the sling.
- **Avoid Overloading:** Do not exceed the recommended weight limit for the Bag Rider to ensure safe operation.

Instructions for Installation and Usage

Installation Instructions

1. **Gather Tools:** Ensure you have the necessary tools for installation, including a wrench or screwdriver.
2. **Position the Adapter:** Align the Bag Rider with the Arisaka Stock Angle Adapter.
3. **Securely Attach:** Use the provided hardware to securely attach the Bag Rider to the adapter. Ensure all screws and bolts are tightened properly.
4. **Check Stability:** Once installed, check that the Bag Rider is stable and does not move when pressure is applied.

Usage Instructions

- **Riding Position:** Place the rear of your rifle on top of the Bag Rider for added support.
- **Support Hand Placement:** Use the hooked rear surface to provide your support hand with a solid point of contact.
- **Sling Use:** Attach your sling to the QD mount for quick access and ease of use during shooting.

Disposal Instructions

- **Environmental Compliance:** Dispose of the product in accordance with local regulations for electronic waste and materials.
- **Recycling:** If applicable, recycle the aluminum components of the Bag Rider to reduce environmental impact.

Contact Information for Further Support

For any questions or concerns regarding the Bag Rider for Arisaka Stock Angle Adapter, please refer to the relevant support channels available in your region. Always ensure that you are following the latest safety guidelines and product information.

By following these safety instructions, you can ensure a safe and enjoyable experience with your Bag Rider for Arisaka Stock Angle Adapter. Thank you for your attention to safety.
