

ECHO ZULU CASTLE NUT - TANGO UNIFORM ECHO ZULU CASTLE NUT, 6 PIECE BULK PACK

[Rifle Parts](#) > [Receiver Parts](#) > [Buffer Tube Parts](#) > [Buffer Tube Hardware](#)

Echo Zulu Castle Nut Stake your AR's castle nuts faster, safer, & more consistently with Tango Uniform's new Echo Zulu Castle Nut System. The patent pending EZ castle nut is made from premium 4140 PH alloy steel and finished in long duration, diamond hard black nitride. It was precision machined on a modern Swiss CNC lathe, to tolerances that meet or exceed the mil-spec TDP, including true class 3 threads. The EZ castle nut features eight co-linear wrench & staking notches, allowing for easier visual alignment, and multiple staking locations with even the largest end plates. Designed to work with either the bi-directional staking guide included in the Echo Zulu Starter Kit, or the Echo Zulu armorer's wrench, the unique EZ castle nut design allows for strong, consistent staking with minimal risk of damaging other components.

Echo Zulu Castle Nut Safety Instruction Guide

Introduction

Thank you for choosing the Echo Zulu Castle Nut. This product is designed to enhance the safety and efficiency of securing AR's castle nuts. To ensure safe use and compliance with the EU General Product Safety Regulation (GPSR), please read and follow the guidelines outlined in this instruction manual.

General Safety Guidelines

- Ensure that the product is used solely for its intended purpose as specified in the product description.
- Always inspect the Echo Zulu Castle Nut before use for any signs of damage or wear.
- Keep the product out of reach of children and vulnerable individuals.
- Use the product in accordance with the manufacturer's guidelines to prevent accidents or injuries.
- Report any unsafe products or incidents to the relevant authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform regularly.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, such as safety glasses and gloves, when handling tools and hardware.
- Ensure that the area where you are working is welllit and free of distractions.
- Avoid using excessive force when installing or adjusting the castle nut to prevent stripping threads or damaging components.
- Do not attempt to modify or alter the Echo Zulu Castle Nut in any way.
- If you experience difficulty during installation or use, stop immediately and seek assistance.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools, including the Echo Zulu armorer's wrench and the bidirectional staking guide.
- Ensure that you have a clean and organized workspace.

2. Installation

- Align the Echo Zulu Castle Nut with the buffer tube of your AR15.
- Use the Echo Zulu armorer's wrench to handtighten the castle nut. Do not overtighten.
- If necessary, use the bidirectional staking guide to ensure proper alignment and staking of the castle nut.
- Stake the castle nut using a suitable staking tool, ensuring that you do not damage surrounding components.

3. PostInstallation Check

- After installation, check the tightness of the castle nut and ensure that it is secure.
- Inspect the staking notches to confirm that they are properly engaged.

4. Usage

- Regularly check the castle nut for any signs of loosening or wear during routine maintenance of your AR15.
- If you notice any issues, address them immediately to maintain safety.

Disposal Instructions

- Dispose of the Echo Zulu Castle Nut in accordance with local regulations regarding metal waste.
- If the product is damaged or no longer usable, ensure that it is disposed of in a way that prevents harm to the environment.

Contact Information for Further Support

For any safety inquiries or further assistance, please refer to the product packaging or visit the manufacturer's website. It is important to have access to a reliable source of information for your safety and compliance needs.

Thank you for following these safety instructions. Your attention to these guidelines helps ensure a safe and effective use of the Echo Zulu Castle Nut.
