

AMBUSH SLING LOOP - STRIKE INDUSTRIES LOW PROFILE SLING LOOP - AMBUSH SLING LOOP

[Shooting Accessories](#) > [Slings & Sling Swivels](#) > [Tactical Sling Mounts](#)

The Strike Industries Ambush low profile sling loop is the lowest profile sling loop designed for the MIL-STD-1913 rail. Made of solid steel, its unique locking bar design system allows for it to be lightweight and durable. Because the Ambush sits flat in between the rails, it will not interfere with your sights and fit neatly under longer optics when mounted towards the middle of the rifle. The dual purpose loop and swivel sling attachments allow the user to choose which mount they would like to use. (QDSS not included) Package Contents: x1 Ambush Sling Loop x1 Screw x1 Universal QD Swivel Locking Bar x1 Warning card Product Features: Made of solid steel Dual purpose loop and swivel sling adapter Lowest profile sling mount No interference with optics Torque: Do not exceed 15 in/lbs (1.69 nM) for the Picatinny mount screws WARNING: Before every use, always check proper function of your QD mount and/or sling loop and any wear and tear from use Always have your weapon in the SAFE position when not being fired Always follow all firearms safety rules and never point your weapon at anything you are not willing to destroy - CALIFORNIA PROPOSITION 65 WARNING:- WARNING: This product contains chemicals known to the State of California to cause cancer and birth defects or other reproductive harm. Safety Instruction Guide for the AMBUSH SLING LOOP

Introduction

Thank you for choosing the Strike Industries Ambush Low Profile Sling Loop. This product is designed for safe and effective use with your firearm. Please read this safety instruction guide carefully to ensure proper handling, installation, and usage of the sling loop.

General Safety Guidelines

- Always ensure that your weapon is in the SAFE position when not being fired.
- Before each use, check the proper function of your Quick Detach (QD) mount and sling loop.
- Regularly inspect your sling loop for any signs of wear and tear.
- Follow all firearms safety rules and never point your weapon at anything you are not willing to destroy.
- This product contains chemicals known to the State of California to cause cancer and birth defects or other reproductive harm. For more information, visit www.P65Warnings.ca.gov.
- Keep this product out of reach of children and vulnerable individuals.

Specific Safety Precautions for Use

- **Torque Specification:** Do not exceed 15 in/lbs (1.69 nM) when tightening the Picatinny mount screws to avoid damaging the sling loop or rail.
- **Interference with Optics:** Ensure that the Ambush Sling Loop is mounted in a position that does not interfere with your sights or optics.
- **Weight Limitations:** Be aware of the weight limits of your sling and attachments to prevent accidents.
- **Proper Attachments:** Use only the recommended sling attachments (QDSS not included) to ensure safety and functionality.

Instructions for Installation and Usage

1. Package Contents: Ensure you have the following items:

- x1 Ambush Sling Loop
- x1 Screw
- x1 Universal QD Swivel Locking Bar
- x1 Warning card

2. Installation Steps:

- Locate the MILSTD1913 rail on your firearm.
- Position the Ambush Sling Loop on the rail, ensuring it sits flat between the rails.
- Insert the screw through the Sling Loop and into the rail.
- Use a torque wrench to tighten the screw to the specified torque of 15 in/lbs (1.69 nM).
- Attach the Universal QD Swivel Locking Bar to the sling loop.

3. Usage:

- Attach your sling to the Ambush Sling Loop using the dualpurpose loop and swivel sling attachments.
- Adjust the sling for comfort and ease of use.

4. PostInstallation Check:

- After installation, ensure that the sling loop is securely fastened and does not move.
- Check that the sling is properly attached and can support the weight of your firearm.

Disposal Instructions

- Dispose of the Ambush Sling Loop and its components in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Consider recycling materials where possible.

Contact Information for Further Support

For safety inquiries, product support, or to report unsafe products, please consult your local authorities or the relevant consumer safety organizations in your region.

Thank you for your attention to these safety guidelines. Your safety and the safety of others depend on proper handling and use of this product.
