From buttplate to muzzle, the Big Boy Deluxe Engraved 4th Edition represents a best-in-class example of our iconic pistol-caliber rifle category that is built to be cherished as an heirloom for many generations to come. This limited-edition rifle is crafted with uniquely figured genuine American walnut furniture and a solid hardened brass receiver with no coating or plating to get damaged or dulled over time. Equipped with a blued steel 20" octagon barrel, a fully adjustable semi-buckhorn rear sight, and a brass bead front sight, this mechanical piece of art is just as enjoyable to shoot as it is to show off. Inspired by some of the most renowned names in firearms engraving history, the receiver is adorned with traditional flowing leafy scrollwork and meticulous beading for added contrast. A scalloped border encloses the design and complements the clean lines of the Big Boy's receiver. A rifle of this caliber is defined by attention to detail, so the engraving is continued on the barrel band, on top of the receiver, and the upper tang behind the hammer. As with the previous editions, production of the 4th Edition is limited to just 1,000 units of each caliber. Once they're gone, they won't be made available again.
