

SIG SAUER CROSS PRE-FIT DROPIN CARBON FIBER 6.5 CREEDMOOR BARREL - PROOF RESEARCH SIG CROSS PRE-FIT DROP IN CARBON FIBER 6.5 CREEDMOOR 20" BBL

[Rifle Parts](#) > [Barrel Parts](#) > [Rifle Barrels](#)

Carbon fiber has long been hailed across many industries—aerospace, cycling, alternative energy—as a wonder material making everything lighter and stronger. When employed in a rifle barrel the benefits extend beyond reducing weight and increasing strength. The patented manufacturing process begins with full-profile, match-grade 416R stainless steel barrel blanks that are made in their firearms division. These blanks are then turned down to a significantly reduced profile greatly reducing weight. This reduced contour barrel is then wrapped with high-strength, aerospace-grade carbon fiber impregnated with a proprietary matrix resin developed by their advanced composites division, PROOF Research ACD. The carbon fibers used have a unique ability to diffuse heat along the length of the barrel (much like fiber optics transmit light). Carbon fiber also moves heat very effectively through the wall (thickness) of the barrel greatly increasing heat transport resulting in barrels that cool faster, maintain accuracy over longer sessions of fire, and live longer. The end result is an aerospace-grade, high-fiber content composite barrel that is stronger, lighter, as accurate as the finest precision steel barrel, and durable to perform in the most demanding environments. They're not just lighter—they're better.

Attributes

- Name: [PROOF RESEARCH SIG CROSS PRE-FIT DROP IN CARBON FIBER 6.5 CREEDMOOR 20" BBL](#)
- Manufacturer: [PROOF RESEARCH](#)
- Product no.: 430106634
- Mfr. No.: 134528
- Cartridge: 6.5 Creedmoor
- Finish: Carbon Fiber
- Length: 20"
- Model: Cross
- Muzzle Threads: 5/8-24
- Twist: 1-8
- Weapon type: Sig Sauer
- Delivery weight: 1.588kg
- Shipping height: 102mm
- Shipping width: 102mm
- Shipping length: 762mm
- UPC: 843068134528

Item details

Made in USA

US export classification: 0A501.c

Safety Instruction Guide for SIG SAUER CROSS PreFit DropIn Carbon Fiber 6.5 Creedmoor Barrel

Introduction

Thank you for choosing the SIG SAUER CROSS PreFit DropIn Carbon Fiber 6.5 Creedmoor Barrel. This guide provides essential safety information to ensure the safe use, installation, and maintenance of your product. Please read this guide thoroughly before use, and keep it for future reference.

General Safety Guidelines

- Ensure that all safety instructions are followed to prevent accidents or injuries.
- Always treat firearms and related components as if they are loaded.
- Store the barrel in a secure location away from unauthorized access, especially from children.
- Regularly inspect the barrel for signs of wear or damage before use.
- Use only compatible firearms and ammunition as specified by the manufacturer.
- Be aware of your surroundings and ensure a safe environment when handling firearms.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE) such as safety glasses and hearing protection when using firearms.
- Do not exceed the recommended load specifications for your firearm.
- Avoid using the barrel in conditions that may compromise its integrity, such as extreme temperatures or excessive moisture.
- Ensure that the barrel is properly secured to the firearm before use.
- Be mindful of recoil and ensure that you have a firm grip on the firearm during operation.

Instructions for Installation and Usage

1. Installation:

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Remove the existing barrel from the firearm according to the manufacturer's instructions.
- Align the SIG SAUER CROSS PreFit DropIn Carbon Fiber Barrel with the receiver.
- Secure the barrel using the appropriate tools, ensuring it is tight and stable.
- Doublecheck that all components are properly installed before proceeding.

2. Usage:

- Before firing, ensure that the barrel is clean and free of obstructions.
- Load the firearm with the appropriate 6.5 Creedmoor ammunition.
- Follow standard firearm handling procedures, including keeping your finger off the trigger until ready to shoot.
- Fire the firearm in a safe and controlled environment, observing all local laws and regulations.

Disposal Instructions

- Dispose of the barrel in accordance with local regulations regarding hazardous materials.
- Do not dispose of the barrel in regular household waste.
- If the barrel is damaged or no longer usable, contact your local waste management facility for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety, usage, or product support, please refer to the manufacturer's official website or contact their customer service directly.

By following these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your SIG SAUER CROSS PreFit DropIn Carbon Fiber 6.5 Creedmoor Barrel. Always prioritize safety and responsible firearm handling.
