

SCT 17 FULL SIZE ASSEMBLED POLYMER FRAME - SCT MANUFACTURING SCT 17 FULL SIZE ASSEMBLED POLYMER FRAME FOR GLOCK G3 17 ODG

[Handgun Parts](#) > [Frame Parts](#) > [Frames](#)

This SCT Manufacturing GLOCK™ Compatible Full Size Assembled Frame is going to change the way you build pistols. It is the only frame at this price point packed with this level of features. This is a serialized frame with shooter-oriented ergonomics. Polished stainless steel over molded rails that are ready to build. They are made with an industry leading proprietary polymer blend and compatible with Glock Gen 3 17,22, and 31 frames. Each frame is assembled by a certified armorer utilizing SCT Manufacturing lower parts kits which have been tested and proven to meet or exceed OEM specifications. The last step of each frame assembly is function testing utilizing a GLOCK™ factory slide checking for safe operation, striker engagement, trigger pull, & trigger reset ensuring the end user is left with a frame that needs nothing but a slide assembly right out of the box! FEATURES: Fully assembled with SCT Gen 3 17 compatible internals. Serrations and index point on trigger guard to help control recoil Serrations on top of beaver tail reduce glare GEN 5 Style Slide lock Flared mag well Thumb Accelerator pad Advanced contour grip with aggressive texturing Picatinny rail (not a Glock® rail) "MIL-STD 1913 Picatinny" High beaver tail with low profile bore axis Grip angle is the same as Glock® Slide stop guard Larger trigger guard for better access with gloves Recessed contoured mag release area for faster mag changes Multi caliber-Compatible with compact 9mm, 40 cal, 357SIG Mag Well compatibility Frame assembly includes: SCT17 polymer frame, electroless nickel locking block, polished trigger assembly with electroless nickel trigger bar and polymer trigger, standard polymer magazine catch, magazine catch spring, steel trigger pin, steel locking block pin, standard slide lock, slide lock coil spring, polymer trigger housing pin, trigger housing with GEN4 style ejector, standard slide stop assembly & polished 5.5 lb. electroless nickel trigger connector.

SCT 17 Full Size Assembled Polymer Frame Safety Instruction Guide

Introduction

Thank you for choosing the SCT 17 Full Size Assembled Polymer Frame. This product is designed to provide a reliable platform for building your pistols. It is essential to understand and follow safety guidelines to ensure safe usage and maintenance of this product. This guide outlines important safety information, usage instructions, and disposal methods in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that you are familiar with the laws and regulations regarding firearm components in your jurisdiction.
- Always treat the frame as if it is loaded, even when it is not.
- Keep the frame out of reach of children and unauthorized users.
- Inspect the frame regularly for any signs of damage or wear.
- Use only compatible parts and accessories as specified in this guide.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay informed about product recalls and safety updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE) when handling the frame, including safety glasses and gloves.
- Do not modify the frame in any way that could compromise its integrity or safety.
- Ensure that the frame is assembled correctly according to the manufacturer's specifications.
- Avoid using the frame in adverse conditions, such as extreme temperatures or humidity.
- Keep the frame clean and free from obstructions to ensure proper function.
- Do not use the frame if you notice any irregularities in performance or if it has been dropped or damaged.

Instructions for Installation and Usage

1. Assembly Instructions:

- Carefully read all instructions provided with the SCT Manufacturing lower parts kits.
- Ensure that you have all the necessary components before starting the assembly.
- Follow the assembly steps in the provided manual to ensure proper installation of all parts.

2. Usage Instructions:

- Once assembled, conduct a thorough function test with a GLOCK™ factory slide.
- Check for safe operation, striker engagement, trigger pull, and trigger reset.
- Only use the frame with GLOCK Gen 3 compatible slides and components.
- After testing, store the frame in a secure location when not in use.

3. Maintenance:

- Regularly clean the frame using appropriate cleaning solutions and tools.
- Lubricate moving parts as specified in the manufacturer's maintenance instructions.
- Inspect the frame for wear and replace any worn parts immediately.

Disposal Instructions

- Dispose of the frame and any accessories in accordance with local regulations for hazardous materials.
- Do not dispose of the frame in regular household waste.
- Contact local waste management authorities for guidance on safe disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the SCT 17 Full Size Assembled Polymer Frame, please refer to the manufacturer's contact information provided in the product packaging. Ensure that you have the product details and any relevant information at hand when seeking assistance.

By adhering to these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your SCT 17 Full Size Assembled Polymer Frame. Thank you for your commitment to safety.
