HIT Target Impact Indicator Safety Instruction Guide

Introduction

Thank you for choosing the HIT Target Impact Indicator. This product is designed to enhance your shooting experience by providing clear visual feedback on bullet impacts on steel targets. To ensure your safety and the safety of others while using this product, please read and follow these safety instructions carefully.

General Safety Guidelines

- Ensure that the HIT Target Impact Indicator is used only for its intended purpose.
- Always follow local laws and regulations regarding shooting and the use of targets.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product regularly for any signs of damage or wear.
- Do not use the product in adverse weather conditions that may affect visibility or safety.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always wear appropriate eye and ear protection when shooting.
- Ensure that your shooting area is safe and free from bystanders.
- Do not attempt to modify or repair the HIT Target Impact Indicator.
- If the product is damaged or malfunctions, discontinue use immediately.
- Be aware of your surroundings and ensure that no one is in the line of fire.
- Use caution when attaching or detaching the indicator from stands.

Instructions for Installation and Usage

1. Attaching the Indicator

- Use the included elastic band to securely attach the HIT Target Impact Indicator to a compatible stand.
- Ensure that the indicator is positioned to face the shooter for optimal visibility.

2. Charging the Indicator

- Use a microUSB cable to recharge the HIT Target Impact Indicator.
- Ensure that the charging port is free from debris before connecting the cable.
- Charge the device fully before first use to ensure optimal performance.

3. Using the Indicator

- Once attached and charged, the indicator will activate upon detecting bullet vibration.
- The ultrabright light will blink in Morse code "HIT" to indicate a bullet impact.
- Ensure that you are within the visible range (up to 1000+ yards, weather dependent) to see the light clearly.

4. PostUse Care

- After use, detach the indicator from the stand and store it in a safe, dry place.
- Regularly check the device for any signs of damage or battery depletion.

Disposal Instructions

- Dispose of the HIT Target Impact Indicator in accordance with local regulations for electronic waste.
- Do not dispose of the product in household waste.
- Remove the battery if applicable, and recycle it separately if possible.

Contact Information for Further Support

For any safety inquiries or further support regarding the HIT Target Impact Indicator, please consult the manufacturer or your point of purchase.

Thank you for prioritizing safety while enjoying your shooting experience. Stay safe and responsible!
