

REIN 3.0 DUAL-FUEL WEAPONLIGHT - REIGN 3.0 DUAL-FUEL WEAPONLIGHT 1250-LUMEN MLOK FDE

PERFORMANCE: An average of 100,000 Candela in the full-size configuration represents a seismic leap in capability for the user. Over 44% more than the closest competitor. It means more light on-target, better situational awareness, and improved survivability. Run-time standards per ANSI/PLATO-FL1 ensure your light performs as long as you need it. Due to enhanced thermal upgrades, the REIN light head CANNOT be used on any MCH lights. Simply, the light head gets too hot which can cause damage to the electrical components. Run-time standard per ANSI/PLATO-FL1 = 95 minutes for the full-size REIN. The ANSI/PLATO-FL1 standard for runtime is: The amount of time until the light reaches 10% of its original output. **POWER:** The REIN uses a USA-made, state-of-the-art electrical system. That gives us the output, efficiency, and run-time. Uses a single 18650 battery. The REIN is now DUAL FUEL. CR123A batteries are now allowed. However, if you use CR123A, expect performance degradation. Cloud Defensive supply a branded Samsung 18650 30Q with the REIN. Please note, REIN will produce usable light for multiple hours. Accepts ALL protected and unprotected 18650 batteries. Accepts both button-top and flat-top batteries. **DIMENSIONS:** 1.3" bezel diameter lower mounting lug height profile REIN Length: 6.17" **WEIGHT:** REIN weight with Remote Switch and Battery: 6.91oz **COMPATIBILITY:** REIN ships standard with a Torrent MLOK Inline. Cloud Defensive offers a full line-up of Torrent mounts for different mounting needs. REIN is fully compatible with existing Scout Light® mounts on the market. **REMOTE SWITCH:** The REIN switch has proven to be good both electrically and in durability. The remote switch is electrically isolated from the push-button switch located on the tail cap. Tail-cap cartridge is easily replaceable and allows for "clocking" so you can minimize cable exposure, without removing the tail of the light. momentary and constant-on features. integrated cable control. electrically isolated **GENERAL INFO:** Modular 3-piece design. With a modular electrical system and remote switch, REIN is upgradeable as subsequent generations are released. Please read more details on generational compatibility on the REIN FAQ page. IPX-8 waterproof rating. Fully submersible to 100 feet for 24 hours. Fully-potted remote switch included. Strongest-in-class lens. The glass on the REIN is 3mm thick. It can take multiple hits from 5.56mm Simunition rounds, at contact-distance. Patented Battery Jack feature. This allows you to properly tension the battery inside the system to avoid battery bounce. This lengthens the life of your system and increases reliability. The exposed cable for the remote switch is 5" long. Shockproof. Dustproof. Durable. Lifetime Warranty – with only a few exceptions. Please see warranty info for full details. Made in the USA. Output Specs & New Features 100,000 Candela peak beam intensity (With 18650) 1250 Lumens output (With 18650) 65 minutes run-time (With 18650) Dual-Fuel capability. 1.3" bezel diameter. 6.17" in length. Attributes

- Name: REIGN 3.0 DUAL-FUEL WEAPONLIGHT 1250-LUMEN MLOK FDE
- Manufacturer: CLOUD DEFENSIVE
- Product no.: 430107145
- Mfr. No.: REIN 3.0-DF-S-650 FDE
- Battery: 18650 Li-ion
- Lumens: 1250
- Style: Weapon Mounted
- Delivery weight: 0.454kg
- Shipping height: 51mm
- Shipping width: 102mm
- Shipping length: 127mm
- UPC: 850016201942

Sicherheitshinweise für die REIN 3.0 DUALFUEL WEAPONLIGHT

Einleitung

Herzlichen Glückwunsch zu deinem Kauf der REIN 3.0 DUALFUEL WEAPONLIGHT! Dieses Produkt wurde entwickelt, um dir eine zuverlässige und leistungsstarke Lichtquelle zu bieten. Bitte lies diese Sicherheitshinweise sorgfältig durch, um eine sichere Verwendung zu gewährleisten und potenzielle Risiken zu vermeiden.

Allgemeine Sicherheitsrichtlinien

- Stelle sicher, dass du die REIN 3.0 nur gemäß den Anweisungen in diesem Handbuch verwendest.
- Bewahre die REIN 3.0 außerhalb der Reichweite von Kindern auf.
- Verwende das Produkt nicht in feuchten oder nassen Umgebungen, es sei denn, es ist ausdrücklich als wasserdicht gekennzeichnet.
- Überprüfe regelmäßig das Produkt auf Beschädigungen oder Abnutzung.
- Verwende nur die empfohlenen Batterien (18650 Li-ion oder CR123A) und achte darauf, die Polarität korrekt zu beachten.
- Halte das Produkt von extremen Temperaturen und direkter Sonneneinstrahlung fern.

Spezifische Sicherheitsvorkehrungen bei der Verwendung

- Vermeide den direkten Kontakt der Linse mit harten Oberflächen, um Kratzer zu verhindern.
- Achte darauf, dass der Lampenkopf nicht überhitzt. Verwende das Produkt nicht länger als die empfohlene Laufzeit.
- Bei Verwendung von CR123ABatterien kann es zu einer Leistungsminderung kommen. Nutze vorzugsweise den empfohlenen 18650Akku.
- Halte das Kabel des Fernschalters von beweglichen Teilen und scharfen Kanten fern.
- Verwende die REIN 3.0 nicht in explosionsgefährdeten Bereichen.

Anweisungen zur Installation und Verwendung

1. Batterieinstallation:

- Öffne das Batteriefach, indem du die Endkappe gegen den Uhrzeigersinn drehst.
- Setze den 18650Akku oder die CR123ABatterien entsprechend der Polaritätsmarkierungen ein.
- Schließe das Batteriefach, indem du die Endkappe im Uhrzeigersinn drehst, bis sie fest sitzt.

2. Montage:

- Montiere die REIN 3.0 an einer MLOKHalterung oder einer kompatiblen Scout Light®Halterung.
- Stelle sicher, dass die Montage stabil ist und das Produkt sicher an der Waffe befestigt ist.

3. Verwendung des Fernschalters:

- Drücke den Druckknopf auf dem Fernschalter, um das Licht ein oder auszuschalten.
- Nutze die Momentary und Dauerlichtfunktionen entsprechend deinen Bedürfnissen.

4. Wartung:

- Reinige die Linse der REIN 3.0 regelmäßig mit einem weichen, trockenen Tuch.
- Überprüfe regelmäßig den Zustand der Batterien und ersetze sie bei Bedarf.

Entsorgungsanweisungen

- Entsorge gebrauchte Batterien gemäß den örtlichen Vorschriften für Batterierecycling.
- Entsorge das Produkt am Ende seiner Lebensdauer in Übereinstimmung mit den lokalen Vorschriften für Elektro und Elektronikgeräte.

Kontaktinformationen für weitere Unterstützung

Für Fragen oder Unterstützung zur REIN 3.0 DUALFUEL WEAPONLIGHT konsultiere bitte die FAQSeite oder wende dich an den Kundendienst des Herstellers.

Bitte beachte, dass alle Sicherheitsrichtlinien und vorkehrungen eingehalten werden müssen, um die Sicherheit und Leistungsfähigkeit deines Produkts zu gewährleisten.

REIN 3.0 DualFuel Weaponlight Safety Instruction Guide

Introduction

Thank you for choosing the REIN 3.0 DualFuel Weaponlight. This guide provides essential safety instructions to ensure the safe and effective use of your product. Please read this document thoroughly before using the weaponlight.

General Safety Guidelines

- Ensure that the weaponlight is used only for its intended purpose as described in this guide.
- Always follow local laws and regulations regarding the use of weaponmounted lights.
- Keep the weaponlight out of reach of children and unauthorized users.
- Inspect the weaponlight before each use to ensure it is functioning properly.
- Do not use the weaponlight if it appears damaged or is not functioning correctly.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Electrical Safety:**
 - Use only the recommended battery types (18650 Liion and CR123A) as specified in the product description.
 - Avoid using damaged or old batteries. Replace them if they show signs of wear or leakage.
- **Heat Management:**
 - Do not use the REIN light head on any MCH lights, as it may overheat and damage electrical components.
 - Allow the weaponlight to cool down after prolonged use before handling.
- **Mounting Precautions:**
 - Ensure that the weaponlight is securely mounted to your firearm to prevent accidental dislodging.
 - Follow the instructions for mounting to avoid improper installation that could lead to malfunction.
- **Environmental Considerations:**
 - The REIN is rated IPX8 and is fully submersible to 100 feet for 24 hours. However, avoid exposing the weaponlight to extreme temperatures or harsh chemicals.
 - Keep the lens clean to maintain optimal performance and visibility.

Instructions for Installation and Usage

Installation

1. Mounting the Weaponlight:

- Select a suitable mounting location on your firearm.
- Use the included Torrent MLOK Inline and hardware to securely attach the weaponlight.
- Ensure the mounting lug is aligned properly and tightened to prevent movement.

2. Connecting the Remote Switch:

- Attach the remote switch to the designated port on the weaponlight.
- Position the cable to minimize exposure and avoid snagging during use.

Usage

1. Powering On:

- To turn on the weaponlight, press the pushbutton switch located on the tail cap or use the remote switch.
- The REIN offers momentary and constant features for versatility in use.

2. Battery Replacement:

- To replace the battery, unscrew the tail cap and remove the old battery.
- Insert a new 18650 Li-ion or CR123A battery, ensuring correct polarity.
- Replace the tail cap securely.

3. Runtime Monitoring:

- The REIN has a runtime of approximately 95 minutes at full brightness (100,000 Candela) with the 18650 battery.
- Monitor the light output and replace the battery as needed to maintain performance.

Disposal Instructions

- Dispose of the weaponlight and batteries in accordance with local regulations.
- Do not dispose of batteries in regular household waste. Follow guidelines for recycling or hazardous waste disposal.
- For the weaponlight, check with local electronic waste disposal services for proper recycling options.

Contact Information for Further Support

Guida alle Istruzioni di Sicurezza per il REIN 3.0 DUALFUEL WEAPONLIGHT

Introduzione

Grazie per aver scelto il REIN 3.0 DUALFUEL WEAPONLIGHT. Questo dispositivo è progettato per fornire prestazioni elevate e sicurezza durante l'uso. Questa guida contiene informazioni importanti per garantire un utilizzo sicuro e corretto del prodotto, in conformità con le normative di sicurezza dell'Unione Europea.

Linee Guida Generali di Sicurezza

- Segui sempre le istruzioni fornite nel manuale per garantire un uso sicuro del prodotto.
- Non utilizzare il prodotto in condizioni di umidità o in ambienti pericolosi senza le dovute precauzioni.
- Non esporre il prodotto a temperature estreme o a fonti di calore.
- Tenere il prodotto lontano dalla portata dei bambini e degli animali domestici.
- Controllare regolarmente il prodotto per eventuali segni di danno o usura.
- Segnala qualsiasi prodotto difettoso o pericoloso alle autorità competenti.

Precauzioni di Sicurezza Specifiche per l'Uso

- **Riscaldamento:** La testa luminosa REIN può surriscaldarsi durante l'uso prolungato. Evita di toccarla direttamente dopo un uso intenso.
- **Batterie:** Utilizza solo batterie raccomandate (18650 e CR123A) e assicurati che siano installate correttamente.
- **Montaggio:** Assicurati che il montaggio del dispositivo sia sicuro e che non ci siano parti allentate.
- **Uso Notturno:** Quando utilizzi il dispositivo in condizioni di scarsa illuminazione, fai attenzione a non puntarlo verso gli occhi di altre persone.
- **Interruttore Remoto:** Non tirare o forzare il cavo dell'interruttore remoto. Mantieni il cavo lontano da oggetti appuntiti.

Istruzioni per l'Installazione e l'Uso

1. Installazione della Batteria:

- Apri il tappo posteriore e inserisci la batteria 18650 o CR123A secondo le indicazioni di polarità.
- Assicurati che il tappo posteriore sia ben avvitato per evitare perdite di contatto.

2. Montaggio del Dispositivo:

- Utilizza il supporto Torrent MLOK Inline fornito per montare il dispositivo sulla tua arma.
- Fissa saldamente il dispositivo per garantire stabilità e sicurezza.

3. Accensione del Dispositivo:

- Usa l'interruttore a pulsante situato sul tappo posteriore per accendere/spegnere il dispositivo.
- Per attivare la funzione momentanea, premi l'interruttore a pulsante senza rilasciarlo.

4. Utilizzo dell'Interruttore Remoto:

- Collega l'interruttore remoto al dispositivo.
- Usa l'interruttore remoto per attivare il dispositivo senza dover modificare la presa.

5. Spegnimento del Dispositivo:

- Spegni il dispositivo quando non è in uso per prolungare la durata della batteria.

Istruzioni per lo Smaltimento

- Segui le normative locali per lo smaltimento delle batterie. Non gettare le batterie nel normale rifiuto domestico.
- Ricicla il dispositivo e le sue componenti secondo le direttive di smaltimento dei rifiuti elettronici.

Informazioni di Contatto per Ulteriori Supporto

Per domande o segnalazioni relative alla sicurezza del prodotto, ti invitiamo a contattare il tuo rivenditore o il servizio clienti del produttore.

Ti ringraziamo per aver scelto il REIN 3.0 DUALFUEL WEAPONLIGHT. Seguire queste istruzioni contribuirà a garantire un'esperienza d'uso sicura e soddisfacente.

Säkerhetsinstruktioner för REIN 3.0 DUALFUEL WEAPONLIGHT

Introduktion

Tack för att du valt REIN 3.0 DUALFUEL WEAPONLIGHT. Denna produkt är designad för att ge hög prestanda och säkerhet. För att säkerställa en trygg och effektiv användning av produkten, vänligen läs igenom och följ dessa säkerhetsinstruktioner noggrant.

Allmänna säkerhetsriktlinjer

- Kontrollera alltid att produkten är i gott skick innan användning.
- Använd endast rekommenderade batterier (18650 Liion eller CR123A).
- Håll produkten borta från barn och sårbara grupper.
- Använd produkten enligt instruktionerna för att undvika skador.
- Rapportera eventuella skador eller defekter till återförsäljaren.

Specifika säkerhetsåtgärder för användning

- Undvik att använda REINljushuvudet på MCHlampor, eftersom det kan bli för varmt och orsaka skador.
- Använd alltid produkten i enlighet med ANSI/PLATOFL1standarderna för drifttid.
- Kontrollera att fjärrkontrollen är korrekt installerad och elektriskt isolerad från tryckknappen.
- Använd inte produkten under extrema väderförhållanden utan att först säkerställa att den är vattentät enligt IPX8standarden.
- Se till att kabeln för fjärrkontrollen är korrekt hanterad för att undvika skador.

Instruktioner för installation och användning

1. Installera batteriet:

- Ta bort batterilocket.
- Sätt i ett 18650batteri eller CR123Abatteri, se till att polerna är korrekt orienterade.
- Sätt tillbaka batterilocket ordentligt.

2. Montera ljuset:

- Använd den medföljande Torrent MLOK Inline för att montera ljuset på ditt vapen.
- Följ monteringsanvisningarna noggrant för att säkerställa korrekt installation.

3. Användning av fjärrkontrollen:

- Anslut fjärrkontrollen till ljuset.
- Testa fjärrkontrollen för att säkerställa att den fungerar korrekt.
- Använd "klockning" för att minimera kabelexponering.

4. Aktivera ljuset:

- Tryck på tryckknappen på fjärrkontrollen för att aktivera ljuset.
- Välj mellan tillfälliga och konstantläge funktioner vid behov.

5. Underhåll:

- Rengör ljusets lins med en mjuk, ren trasa.
- Kontrollera regelbundet att alla komponenter är i gott skick.

Avfallsanvisningar

- Kasta inte produkten med vanligt hushållsavfall.
- Följ lokala föreskrifter för avfallshantering av elektriska produkter och batterier.
- Återvinn produkten och batterierna om möjligt.

Kontaktinformation för ytterligare support

För frågor eller mer information om säkerhet och användning av REIN 3.0 DUALFUEL WEAPONLIGHT, vänligen kontakta din återförsäljare eller besök Cloud Defensive:s officiella webbplats för support.

Avslutande anmärkningar

Genom att följa dessa säkerhetsinstruktioner kan du maximera säkerheten och prestandan hos din REIN 3.0 DUALFUEL WEAPONLIGHT. Tack för att du bidrar till en trygg och säker användning av vår produkt.
