

# ALL-PURPOSE RH WINDAGE HEAVY VARMINT REST- BLEMISHED BASE - SINCLAIR INTERNATIONAL ALL-PURPOSE HEAVY VARMINT REST, RH WINDAGE, BLEM BASE

[Shooting Accessories](#) > [Shooting Rests](#) > [Rifle Rests](#)

The same reliable All-Purpose RH Windage Heavy Varmint Rest from Sinclair International, but with just a little cosmetic variance on the base. The base shows a beveled edge, a bit more than you would see on a normal base, but still powder coated. The cosmetic difference does not change the performance of the base itself. The Sinclair Heavy Varmint Bench Rest model is designed for shooters who prefer using Protektor or Edgewood front sand bags. The rest top side plates allow the user to "pinch" the sand bag for subtle bag width adjustments. Purchase the front Protektor or Edgewood sand bag which best fits your forend width: sporter, varmint, or flat-bottomed B/R stock (front sand bag is not included with Sinclair Heavy Varmint Bench Rests) The Sinclair Heavy Varmint All-Purpose rest is designed with our versatile All-Purpose (A/P) Top which quick-adjusts to accommodate nearly any forend. Switch from narrow sporter stocks to 3-1/2" BR stocks with a turn of a lever. The Sinclair Heavy Varmint All-Purpose Rest includes a dual-sided leather/cordura sand bag (not filled). The windage topped version adds the convenience of quick-adjust horizontal movements for competitive shooting by turning the windage knob located on the side of the rest top.
