

SENTINEL II 1X20MM MICRO REFLEX SIGHT - SWAMPFOX OPTICS

SENTINEL II 1X20MM GREEN 3 MOA DOT BLACKOUT REAR MICRO SIGHT

[Optics & Mounting](#) > [Electronic Sights](#) > [Reflex Sights](#)

Crafted for concealed carry, Sentinel II showcases a fusion of advanced features in a sleek, cohesive design. The second-generation micro dot maintains a standardized RMSc footprint and slimline profile while maximizing visibility with a larger 20mm window. Uniquely equipped with a patented removable rear sight guide installed in front of the window, the guide provides backup support for pistols that sacrifice rear iron sights for dot sight compatibility. Sentinel II displays a 3 MOA dot in red or green illumination and is equipped with Shake N' Wake auto on/off functionality for grab-and-go readiness.?

Safety Instruction Guide for SENTINEL II 1X20MM MICRO REFLEX SIGHT

Introduction

Thank you for choosing the SENTINEL II 1X20MM Micro Reflex Sight. This guide provides essential safety instructions and information to ensure the proper use and maintenance of the product. Please read this guide carefully before using the sight to maximize safety and performance.

General Safety Guidelines

- Always handle the sight with care to avoid damage.
- Keep the sight out of reach of children and vulnerable individuals.
- Use the sight only for its intended purpose as specified in this guide.
- Regularly inspect the sight for any signs of damage or wear.
- Ensure that the sight is mounted securely to avoid accidents during use.
- Report any unsafe product incidents to the relevant authorities.

Specific Safety Precautions for Use

- **Potential Hazards:**
 - Eye injury from improper use or malfunction.
 - Damage to the sight from exposure to harsh environmental conditions.
- **Avoiding Hazards:**
 - Always ensure the sight is properly secured to your firearm before use.
 - Do not use the sight in extreme weather conditions without appropriate precautions.
 - Avoid looking directly at the sun through the sight, as this can cause eye damage.
- **Age Specific Warnings:**
 - This product is not intended for use by individuals under the age of 18 without adult supervision.

Instructions for Installation and Usage

• Installation:

1. Ensure that your firearm is unloaded and pointed in a safe direction.
2. Remove the mounting screws from the sight base.
3. Align the sight with the RMSc footprint on your firearm.
4. Secure the sight by tightening the mounting screws firmly but do not overtighten.
5. Check the alignment and ensure the sight is stable before use.

• Usage:

- Turn on the sight using the designated power button.
- Adjust the brightness settings as needed for optimal visibility.
- Aim and fire according to your firearm's operation manual.
- Regularly check the sight for functionality and make adjustments as necessary.

Disposal Instructions

- Dispose of the sight in accordance with local regulations.
- Do not dispose of the sight in general waste. Check for designated electronic waste disposal facilities.
- Remove the battery before disposal and follow local guidelines for battery recycling.

Contact Information for Further Support

For any safety inquiries or support, please refer to the manufacturer's website or customer service channels. Ensure you have the model information and any relevant details regarding your purchase.

By following these guidelines and instructions, you can ensure a safe and effective experience with your SENTINEL II 1X20MM Micro Reflex Sight. Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation.
