

SENTINEL II 1X20MM MICRO REFLEX SIGHT - SWAMPFOX OPTICS

SENTINEL II 1X20MM GREEN 3 MOA DOT TRITIUM REAR MICRO SIGHT

[Optics & Mounting](#) > [Electronic Sights](#) > [Reflex Sights](#)

Crafted for concealed carry, Sentinel II showcases a fusion of advanced features in a sleek, cohesive design. The second-generation micro dot maintains a standardized RMSc footprint and slimline profile while maximizing visibility with a larger 20mm window. Uniquely equipped with a patented removable rear sight guide installed in front of the window, the guide provides backup support for pistols that sacrifice rear iron sights for dot sight compatibility. Sentinel II displays a 3 MOA dot in red or green illumination and is equipped with Shake N' Wake auto on/off functionality for grab-and-go readiness.?

Safety Instruction Guide for SENTINEL II 1X20MM MICRO REFLEX SIGHT

Introduction

Thank you for choosing the SENTINEL II 1X20MM Micro Reflex Sight by SWAMPFOX OPTICS. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your new product. Please read this document carefully before installation and usage.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always handle the sight with care to avoid damage.
- Keep the product away from children and unauthorized users.
- Regularly inspect the sight for any signs of wear or damage.
- If the sight is damaged or not functioning correctly, cease use immediately and seek assistance.
- Follow all local laws and regulations regarding the use of optical sights.

Specific Safety Precautions for Use

- Use the sight only in suitable environmental conditions to maintain performance.
- Avoid exposing the sight to extreme temperatures or humidity.
- Do not attempt to disassemble or modify the sight.
- Ensure the sight is securely mounted before use to prevent accidents.
- Be aware of your surroundings and ensure a safe shooting environment.
- Do not look directly at the sun through the sight as it may cause serious eye damage.

Instructions for Installation and Usage

1. Installation

- Ensure the firearm is unloaded before installation.
- Select an appropriate mounting location on your firearm that complies with local regulations.
- Align the RMSc footprint of the sight with the mounting interface on the firearm.
- Securely fasten the sight using the appropriate screws and tools provided.
- Check that the sight is firmly attached and does not move.

2. Usage

- Power on the sight by using the Shake N' Wake auto on/off functionality.
- Adjust the brightness settings to your preference using the control buttons.
- To adjust elevation and windage, use the provided adjustment knobs.
- Ensure the reticle is aligned with your target before firing.
- After use, turn off the sight to conserve battery life.

Disposal Instructions

- Dispose of the sight according to local regulations regarding electronic waste.
- Remove the battery before disposal and recycle it according to local battery disposal guidelines.
- Do not dispose of the sight in regular household waste.

Contact Information for Further Support

For any inquiries or support regarding the SENTINEL II Micro Reflex Sight, please refer to the manufacturer's website or contact your local retailer.

By following these guidelines, you can ensure the safe and effective use of your SENTINEL II 1X20MM Micro Reflex Sight. Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation.
