

# EPC/AR9 BUFFER AND KIT - AERO PRECISION EPC/AR9 9MM LUGER BUFFER KIT FOR AR-15

[Rifle Parts](#) > [Receiver Parts](#) > [Recoil Parts](#) > [Recoil Buffers](#)

The Aero Precision EPC Buffer Kit features the Aero Precision Enhanced Carbine Buffer Tube and their 8.1oz buffer and spring specifically optimized for use in the Aero Precision EPC. The 8.1oz EPC buffer, it is not intended for use in AR15 or M5 platforms. The additional length and weight will not allow for proper cycling of standard platforms. Can be purchased as an assembly, or as the buffer alone. EPC Buffer 308 Carbine Buffer Spring Enhanced Carbine Buffer Tube Mil-Spec Receiver End Plate Mil-Spec Castle Nut Stock NOT Included  
Note: For use in a 40S&W, 10mm, or 45ACP build we recommend the use of a heavier buffer spring.

## Attributes

- Name: [AERO PRECISION EPC/AR9 9MM LUGER BUFFER KIT FOR AR-15](#)
- Manufacturer: [AERO PRECISION](#)
- Product no.: 430108379
- Mfr. No.: APRH200084C
- Model: EPC
- Weapon type: AR-15,Aero
- Delivery weight: 0.454kg
- Shipping height: 305mm
- Shipping width: 51mm
- Shipping length: 51mm
- UPC: 840014622740

## Item details

Made in USA

US export classification: 0A501.y.1

# EPC/AR9 Buffer Kit Safety Instruction Guide

## Introduction

Thank you for choosing the Aero Precision EPC/AR9 Buffer Kit. This product is designed specifically for the Aero Precision EPC and is essential for ensuring optimal performance and safety. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

## General Safety Guidelines

- Always handle firearms and related components with care and respect.
- Ensure that the product is used only for its intended purpose as specified in the product description.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for signs of wear or damage before each use.
- If you notice any irregularities, discontinue use immediately and consult a qualified technician.
- Stay informed about safety recalls and product alerts through the EU Safety Gate platform.

## Specific Safety Precautions for Use

- The EPC buffer is designed exclusively for the Aero Precision EPC and is not suitable for AR15 or M5 platforms.
- Use only the specified 8.1oz EPC buffer and spring for optimal cycling and performance.
- For builds using 40S&W, 10mm, or 45ACP, it is recommended to use a heavier buffer spring.
- Always ensure that the buffer is properly installed and secured before using the firearm.
- Do not modify the buffer or any related components as this may compromise safety and performance.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure you have all components of the EPC Buffer Kit, including the buffer, buffer spring, buffer tube, receiver end plate, and castle nut.
- Gather necessary tools for installation (e.g., wrench, screwdriver).

### 2. Installation Steps:

- Remove the existing buffer tube and components from your firearm if applicable.
- Install the Aero Precision Enhanced Carbine Buffer Tube according to the manufacturer's instructions.
- Insert the EPC buffer into the buffer tube.
- Attach the buffer spring to the buffer and ensure it is seated correctly.
- Secure the receiver end plate and castle nut to hold the buffer tube in place.
- Doublecheck that all components are tightly secured.

### 3. Usage:

- After installation, perform a function check to ensure proper cycling.
- Always follow safe handling practices when operating the firearm.
- Regularly clean and maintain the buffer kit to ensure longevity and optimal performance.

## Disposal Instructions

- Dispose of the product in accordance with local waste disposal regulations.
- Do not dispose of the product in regular household waste.

- Check with local authorities for proper disposal methods for firearm components.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the EPC/AR9 Buffer Kit, please consult the manufacturer's website or customer service for assistance.

Thank you for prioritizing safety and compliance while using the Aero Precision EPC/AR9 Buffer Kit. Your attention to these guidelines helps ensure a safe experience.
