

# INLINE BULLET FEEDER DIES ONLY - LEE PRECISION 22 CALIBER INLINE BULLET FEED DIE ONLY

[Reloading](#) > [Reloading Presses](#) > [Reloading Press Accessories](#)

All steel construction featuring a ball bearing escapement mechanism. Spring loaded positive ball carrier return assures reliable operation. Jacketed, cast, powder coated and copper plated bullets are reliably fed. Configurable for long and short bullet lengths. Includes support tab for the optional multi tube feed magazine. Works in any press with standard 7/8-14 threads. Each die is caliber specific so there is nothing to change or adjust. Easy adjustment, place a case in your press and screw the Inline die in until it drops a bullet plus a half a turn, and that's it.

# **Safety Instruction Guide for INLINE BULLET FEEDER DIES ONLY LEE PRECISION 22 CALIBER INLINE BULLET FEED DIE ONLY**

## **Introduction**

Thank you for choosing the INLINE BULLET FEEDER DIES ONLY LEE PRECISION 22 CALIBER INLINE BULLET FEED DIE. This guide provides essential safety information and instructions to ensure the safe and effective use of this product. Please read and follow these guidelines carefully.

## **General Safety Guidelines**

- Ensure that you are familiar with the operation of reloading presses and bullet feeder dies before use.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling reloading equipment and materials.
- Keep the work area clean and organized to prevent accidents.
- Store the product in a secure location, out of reach of children and unauthorized users.
- Regularly inspect the product for any signs of damage or wear. Do not use if damaged.
- Report any unsafe products or incidents to the relevant authorities.

## **Specific Safety Precautions for Use**

- Only use the INLINE BULLET FEEDER DIES with compatible reloading presses that have standard 7/814 threads.
- Ensure that the die is caliber specific to avoid operational issues.
- Do not attempt to modify or alter the die in any way.
- Be cautious of moving parts when operating the die to prevent injury.
- Always ensure that the press is in a stable position before operation.
- Keep hands and loose clothing away from moving parts during operation.

## **Instructions for Installation and Usage**

### **1. Installation**

- Ensure that the reloading press is turned off and unplugged.
- Remove any existing dies from the press.
- Take the INLINE BULLET FEED DIE and screw it into the press until it is secure.
- Adjust the die by placing a case in the press and screwing the die in until it drops a bullet, plus a half a turn.

### **2. Usage**

- Load the die with bullets as per the manufacturer's instructions.
- Operate the press according to the manufacturer's guidelines.
- Monitor the operation continuously for any irregularities.
- If you notice any issues, stop using the product immediately and inspect it for problems.

## **Disposal Instructions**

- Dispose of any packaging materials in accordance with local regulations.
- If the product is no longer usable, follow local guidelines for the disposal of metal and mechanical components.

- Do not dispose of the product in regular household waste.

## **Contact Information for Further Support**

For further assistance, please refer to the manufacturer's website or customer support services. Ensure you have the product details available for a more efficient response.

Thank you for your attention to these safety guidelines. Your safety is our priority.
