

# INLINE BULLET FEEDER DIES ONLY - LEE PRECISION 45 CALIBER INLINE BULLET FEED DIE ONLY

[Reloading](#) > [Reloading Presses](#) > [Reloading Press Accessories](#)

All steel construction featuring a ball bearing escapement mechanism. Spring loaded positive ball carrier return assures reliable operation. Jacketed, cast, powder coated and copper plated bullets are reliably fed. Configurable for long and short bullet lengths. Includes support tab for the optional multi tube feed magazine. Works in any press with standard 7/8-14 threads. Each die is caliber specific so there is nothing to change or adjust. Easy adjustment, place a case in your press and screw the Inline die in until it drops a bullet plus a half a turn, and that's it.

## 45 CALIBER INLINE BULLET FEED DIE ONLY Safety Instruction Guide

### Introduction

Thank you for choosing the INLINE BULLET FEEDER DIES ONLY from LEE PRECISION. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read and follow all instructions carefully to minimize risks and ensure optimal performance.

### General Safety Guidelines

- Always ensure the product is used in accordance with the manufacturer's instructions.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- Do not modify or alter the product in any way.
- Use only the recommended materials and components with this product.
- Report any unsafe conditions or accidents to the appropriate authorities.

### Specific Safety Precautions for Use

- Ensure that the reloading press is securely mounted and stable before use.
- Always wear appropriate safety gear, including safety glasses, when operating the reloading press.
- Handle all bullets and components with care to avoid accidental injury.
- Never exceed the recommended bullet lengths or weights specified for this product.
- Be cautious of sharp edges and moving parts during operation.

### Instructions for Installation and Usage

#### 1. Installation:

- Ensure the reloading press is turned off and unplugged before installation.
- Locate the 7/814 threaded opening on your reloading press.
- Carefully screw the INLINE BULLET FEED DIE into the threaded opening until it is securely in place.

#### 2. Adjustment:

- Place a case in your press.
- Screw the INLINE die in until it drops a bullet plus a half a turn. This adjustment ensures proper feeding of the bullets.

#### 3. Operation:

- Once adjusted, operate the reloading press as per the standard operating procedures.
- Monitor the feeding of bullets and ensure they are being fed reliably.
- If any issues arise, stop operation immediately and inspect the die and bullets for any obstructions or malfunctions.

#### 4. After Use:

- Remove the INLINE BULLET FEED DIE from the reloading press when not in use.
- Store the die in a dry, cool place away from direct sunlight and moisture.

## **Disposal Instructions**

- Dispose of any packaging materials in accordance with local regulations.
- If the product is no longer in use or is damaged beyond repair, dispose of it responsibly at a designated electronic waste recycling facility.

## **Contact Information for Further Support**

For safety inquiries or further assistance regarding this product, please refer to the manufacturer's website or contact your local distributor.

By following these guidelines, you can ensure safe and effective use of the INLINE BULLET FEEDER DIES ONLY from LEE PRECISION. Thank you for your attention to safety and for choosing our product.
