

# INLINE BULLET FEEDER DIES ONLY - LEE PRECISION 30 CALIBER INLINE BULLET FEED DIE ONLY

[Reloading](#) > [Reloading Presses](#) > [Reloading Press Accessories](#)

All steel construction featuring a ball bearing escapement mechanism. Spring loaded positive ball carrier return assures reliable operation. Jacketed, cast, powder coated and copper plated bullets are reliably fed. Configurable for long and short bullet lengths. Includes support tab for the optional multi tube feed magazine. Works in any press with standard 7/8-14 threads. Each die is caliber specific so there is nothing to change or adjust. Easy adjustment, place a case in your press and screw the Inline die in until it drops a bullet plus a half a turn, and that's it.

# INLINE BULLET FEEDER DIES ONLY LEE PRECISION 30 CALIBER Safety Instruction Guide

## Introduction

Thank you for choosing the INLINE BULLET FEEDER DIES ONLY from LEE PRECISION. This guide provides essential safety instructions and operational guidelines to ensure safe and effective use of your product. Please read this manual carefully before use.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always handle all reloading equipment with care and follow basic safety practices.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for signs of wear or damage.
- If you notice any defects or irregularities, discontinue use immediately and consult a professional.

## Specific Safety Precautions for Use

- Always wear appropriate eye protection when using reloading equipment.
- Ensure the workspace is clean and free from distractions.
- Do not use the product if you are under the influence of drugs or alcohol.
- Be aware of your surroundings and ensure that bystanders are at a safe distance.
- Follow the manufacturer's recommendations for compatible bullet types and lengths.
- Never exceed the recommended load specifications for your reloading setup.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure your reloading press is compatible with the INLINE BULLET FEED DIE (standard 7/814 threads).
- Place the die into the press and screw it in until it is securely fitted.
- Adjust the die by placing a case in your press and turning the die until it drops a bullet, then turn an additional half turn.

### 2. Usage:

- Load the appropriate bullets into the feeder.
- Operate the press according to the manufacturer's instructions.
- Monitor the operation to ensure smooth feeding of bullets.
- If feeding issues occur, stop immediately and inspect the die for blockages or misalignment.

## Disposal Instructions

- Dispose of any used or defective parts in accordance with local regulations.
- Ensure that all materials are disposed of safely to prevent environmental contamination.

## Contact Information for Further Support

For assistance or inquiries regarding the INLINE BULLET FEEDER DIES ONLY, please refer to the contact information provided by the retailer or manufacturer.

## **Conclusion**

By following these safety instructions and guidelines, you can ensure a safe and efficient reloading experience with the INLINE BULLET FEEDER DIES ONLY from LEE PRECISION. Always prioritize safety and consult professionals when in doubt. Thank you for your attention and safe reloading!
