

# INLINE BULLET FEEDER DIES ONLY - LEE PRECISION 44 CALIBER INLINE BULLET FEED DIE ONLY

[Reloading](#) > [Reloading Presses](#) > [Reloading Press Accessories](#)

All steel construction featuring a ball bearing escapement mechanism. Spring loaded positive ball carrier return assures reliable operation. Jacketed, cast, powder coated and copper plated bullets are reliably fed. Configurable for long and short bullet lengths. Includes support tab for the optional multi tube feed magazine. Works in any press with standard 7/8-14 threads. Each die is caliber specific so there is nothing to change or adjust. Easy adjustment, place a case in your press and screw the Inline die in until it drops a bullet plus a half a turn, and that's it.

## 44 CALIBER INLINE BULLET FEED DIE Safety

### Instruction Guide

#### Introduction

Thank you for choosing the INLINE BULLET FEEDER DIES ONLY from LEE PRECISION. This guide provides essential safety information and instructions to ensure the safe and effective use of the product. Please read this guide thoroughly before using the product.

#### General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in this manual.
- Keep the product out of reach of children and vulnerable individuals.
- Always wear appropriate safety gear, including safety glasses and gloves, when using reloading equipment.
- Regularly inspect the product for signs of wear or damage. Do not use if damaged.
- Store the product in a dry, secure location when not in use.
- Report any unsafe conditions or incidents to the relevant authorities.

#### Specific Safety Precautions for Use

- Only use this die with 44 caliber bullets as specified.
- Ensure that your press is compatible with the die and has standard 7/814 threads.
- Do not attempt to modify or alter the die in any way.
- Be cautious when adjusting the die; ensure that your fingers are clear of moving parts.
- Always doublecheck that the die is securely in place before operating the press.
- Avoid wearing loose clothing or jewelry that could become caught in the machinery.
- Never leave the press unattended while in operation.

#### Instructions for Installation and Usage

##### Installation

1. **Prepare Your Press:** Ensure that your press is clean and free from any obstructions.
2. **Insert the Die:** Place the INLINE BULLET FEED DIE into the press, aligning it with the 7/814 threads.
3. **Secure the Die:** Screw the die in until it is snug. Do not overtighten.
4. **Adjustment:**
  - Place a case in your press.
  - Slowly screw the INLINE die in until it drops a bullet plus a half a turn. This adjustment is critical for proper function.

##### Usage

- Load the bullets into the feeder as per the manufacturer's instructions.
- Operate the press according to the standard operating procedures for your specific model.
- Monitor the operation closely to ensure that bullets are being fed properly and safely.

#### Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.

- Contact local waste management authorities for guidance on proper disposal methods.

## Contact Information for Further Support

For any questions or concerns regarding the INLINE BULLET FEEDER DIES ONLY, please refer to the manufacturer's website or reach out to their customer service team for assistance.

By following these safety instructions and guidelines, you can ensure a safe and effective experience with your INLINE BULLET FEEDER DIES ONLY LEE PRECISION 44 CALIBER INLINE BULLET FEED DIE. Thank you for prioritizing safety in your reloading practices.
