

AR-15 CLAMP ON ADJUSTABLE GAS BLOCK - SUPERLATIVE ARMS

AR-15 CLAMP ON TITANIUM ADJUSTABLE GAS BLOCK .936" BLACK

[Rifle Parts](#) > [Gas System Parts](#) > [Gas Blocks](#)

The Superlative Arms patented "Bleed Off", direct impingement, gas block for the AR15 platform adjusts the gas flow by bleeding the gas out of the block instead of restricting the flow like conventional adjustable blocks. Results: The pressure used in the block is reduced only to the amount required to drive the bolt carrier. The remaining gas / pressure are bled out of the block allowing the system to run much cleaner and cooler. Reduction of felt recoil. Patented adjustment detent is located outside of the block and therefore no contamination. The gas adjustment screw does not restrict the gas flow; therefore there is no erosion or seizing of the screw / no loss of detent due to carbon build up. Although it is removable, we have added a safety mechanism, which stops you from unintentionally backing the screw all the way out. When using SBR's and / or suppressors the bleed off port allows the excessive pressure to be exhausted out of the block reducing blow back.

Data: Gas Block Material: 416 SS Barrel Diameter: 0.625" Weight: 1.34 oz.

Length: 1.00" Attachment Type: Clamp on Adjustment: Front of Block

Included: Gas Block - Assembled (2) 10-32 x 3/16" Socket Head Cap Screws

(1) Gas Tube Roll Pins (1) 3/32 X 6" L-Shaped Hex Keys Installation

Attributes

- Name: [SUPERLATIVE ARMS AR-15 CLAMP ON TITANIUM ADJUSTABLE GAS BLOCK .936" BLACK](#)
- Manufacturer: [SUPERLATIVE ARMS](#)
- Product no.: 430109769
- Mfr. No.: SABO-DI-936CDT
- Inside Diameter: .936
- Material: Titanium
- Style: Clamp-On
- Weapon type: AR-15
- Delivery weight: 0.454kg
- Shipping height: 51mm
- Shipping width: 95mm
- Shipping length: 191mm
- UPC: 850011846490

Item details

Made in USA

US export classification: 0A501.x

Safety Instruction Guide for the Superlative Arms AR15 Clamp On Adjustable Gas Block

Introduction

Thank you for purchasing the Superlative Arms AR15 Clamp On Adjustable Gas Block. This guide provides essential safety instructions to ensure the safe and effective use of your gas block. Please read this document carefully before installation and use.

General Safety Guidelines

- Ensure proper handling and storage of the gas block to prevent damage.
- Always use the gas block in accordance with the manufacturer's instructions.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the gas block for any signs of wear or damage.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

• Potential Hazards:

- Improper installation may lead to gas leaks or malfunction.
- Use of the product with incompatible components can cause failure.
- Excessive pressure can result in blowback, leading to injury.

• Avoiding Hazards:

- Always follow installation instructions carefully.
- Ensure all components are compatible with your AR15 platform.
- Use appropriate tools and safety gear during installation.
- Do not attempt to adjust the gas block while the firearm is loaded or operational.

• Age Specific Warnings:

- This product is intended for adult users only. Keep it away from children.

Instructions for Installation and Usage

1. Installation:

- Gather the necessary tools:
 - (2) 1032 x 3/16" Socket Head Cap Screws
 - (1) Gas Tube Roll Pins
 - (1) 3/32 X 6" LShaped Hex Keys
- Ensure the firearm is unloaded and safe to work on.
- Remove the existing gas block if applicable.
- Position the Superlative Arms gas block on the barrel, ensuring proper alignment.
- Secure the gas block using the provided socket head cap screws. Tighten to the manufacturer's specifications.
- Install the gas tube using the provided roll pins. Ensure it is securely in place.
- Use the Lshaped hex key to adjust the gas flow as needed. Do not overtighten.

2. Usage:

- After installation, conduct a function check to ensure the gas block operates correctly.
- Monitor the performance of the gas block during use. Look for signs of excessive blowback or gas leakage.
- Adjust the gas flow as necessary for optimal performance.

Disposal Instructions

- Dispose of the gas block and any associated materials in accordance with local regulations.
- Do not dispose of the gas block in regular household waste if it is damaged or malfunctioning.
- Contact local waste management authorities for guidance on proper disposal methods.

Contact Information for Further Support

- For any questions or concerns regarding the product, please refer to the manufacturer's contact details provided with your purchase.

Thank you for choosing Superlative Arms. Your safety and satisfaction are our top priorities.
