

# RIFLE PRO CASE LENGTH HEADSPACE GAUGES - LYMAN PRO CASE LENGTH HEADSPACE GAUGE 30-06 STAINLESS

[Gunsmith Tools](#) > [Measuring Tools](#) > [Headspace Gauges](#)

Lyman Pro Headspace Gauges have more features than any headspace gauge on the market! Inspired by Lyman's Pro Die Sets, the gauges are precision machined from corrosion resistant stainless steel for a long rust-free life. The outside flats prevent rolling, and the o-rings provide a non-slip grip. Pro Headspace gauges check maximum and minimum cartridge headspace as well as maximum case length. Headspace gauges are recommended when setting up sizing dies for any bottle neck cartridge.

## Attributes

- Name: [LYMAN PRO CASE LENGTH HEADSPACE GAUGE 30-06 STAINLESS](#)
- Manufacturer: [LYMAN](#)
- Product no.: 430110536
- Mfr. No.: 7705104
- Cartridge: 30-06 Springfield
- Colour: Stainless Steel
- Height: 6"
- Length: 4.5"
- Material: Stainless Steel
- Weight: 0.2 lbs
- Width: 2"
- Delivery weight: 0.227kg
- Shipping height: 152mm
- Shipping width: 51mm
- Shipping length: 114mm
- UPC: 011516751041

# Lyman Pro Case Length Headspace Gauges Safety Instruction Guide

## Introduction

Thank you for choosing the Lyman Pro Case Length Headspace Gauges. This guide provides essential safety instructions to ensure the safe use of your product. Please read this document carefully before using the gauges to understand how to operate them safely and effectively.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified in this guide.
- Keep the gauges out of reach of children and vulnerable individuals to prevent accidental injury.
- Always inspect the gauges for any signs of damage before use. Do not use if damaged.
- Store the gauges in a dry place to prevent corrosion and maintain their integrity.
- Report any unsafe product experiences to the relevant authorities.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, such as safety glasses, when using the gauges to protect your eyes from potential debris.
- Do not exceed the maximum case length and headspace specifications indicated by the manufacturer.
- Handle the gauges with care to avoid dropping or damaging them.
- Avoid using excessive force when checking headspace or case length to prevent injury or damage to the gauges.
- Be aware of your surroundings and ensure that the working area is clear of obstructions.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure you have a clean and welllit workspace.
- Gather necessary tools and materials, including the Lyman Pro Case Length Headspace Gauges and the cartridges you will be measuring.

### 2. Using the Gauges:

- Select the appropriate gauge for the cartridge you are measuring (in this case, .3006 Springfield).
- Insert the cartridge into the gauge, ensuring it is seated properly.
- Check the gauge reading to determine if the headspace and case length are within acceptable limits.
- If the cartridge does not fit properly or the measurements are outside the specified range, do not use the cartridge.

### 3. PostUse Care:

- Clean the gauges after use to remove any debris or residue.
- Store the gauges in their protective case to prevent damage.

## Disposal Instructions

- Dispose of the product according to local regulations regarding metal and hazardous waste.
- Do not throw the product into regular household waste. Instead, take it to a designated recycling facility

or follow your local disposal guidelines.

## **Contact Information for Further Support**

For any questions or concerns regarding the safety and usage of the Lyman Pro Case Length Headspace Gauges, please refer to the official Lyman website or contact your local distributor for support.

Thank you for your attention to these safety instructions. Your safety is our priority. Enjoy using your Lyman Pro Case Length Headspace Gauges responsibly!
