[Rifle Parts](#) > [Barrel Parts](#) > [Rifle Barrels](#)

AR-15 COMBAT V2 5.56X45 NATO RIFLE BARREL The SOLGW V2 profile was designed with customers' needs in mind, delivering increased accuracy while balancing suppressed handling and performance. With the significantly increased chamber support, the V2 contour barrels are better suited for modern configurations where lights, lasers and suppressors all add to a commonly muzzle heavy carbine. The transfer of material to the rear of the barrel helps to offset the weight of accessories, and stiffens the barrel at the same time - reducing POI shifts between suppressed and unsuppressed use. The gas journal length has been shortened as well to optimized weight distribution, so please note that fixed front sight bases will not fit on this barrel, only low-profile gas blocks. V2 barrels remain appropriately gassed for use with or without a suppressor of your choosing. The Cold Hammer Forged version is a great option for shooters who frequently get their carbines hot, and are looking for a highly durable barrel. SPECS: 4150 CMV, HP/MPI, QPQ, 1:7 twist Dimpled for gas block set screw. .750" Gas Journal $\frac{1}{2}$ "x28 muzzle threads

V2 Combat Grade 5.56x45 NATO Rifle Barrels

Safety Instruction Guide

Introduction

Thank you for choosing the V2 Combat Grade 5.56x45 NATO Rifle Barrel for your AR15. This safety instruction guide is designed to help you understand the safe use, installation, and disposal of your new barrel. It complies with the EU General Product Safety Regulation (GPSR) to ensure your safety and satisfaction.

General Safety Guidelines

- Always handle firearms and firearm components with care and respect.
- Ensure you are knowledgeable about your firearm and its components before use.
- Keep your firearm pointed in a safe direction at all times.
- Store the barrel and all firearm components securely and out of reach of children.
- Regularly inspect your barrel for any signs of wear or damage.
- Follow all local laws and regulations regarding firearm ownership and use.
- Be aware of your surroundings and ensure a safe environment when using your firearm.

Specific Safety Precautions for Use

- **Potential Hazards:** Improper installation or use of the barrel may lead to malfunctions, injuries, or accidents.
- **Avoiding Hazards:**
 - Use only compatible parts and accessories with your AR15.
 - Ensure the barrel is properly installed before use.
 - Do not exceed the manufacturer's recommended ammunition specifications.
 - Always wear appropriate eye and ear protection when firing.
 - Be cautious of barrel overheating during prolonged use.
 - Do not attempt to modify the barrel without professional guidance.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing barrel from the AR15 according to the manufacturer's instructions.
- Install the V2 Combat Grade 5.56x45 NATO Rifle Barrel using the following steps:
 - Align the barrel with the upper receiver.
 - Secure the barrel nut according to the manufacturer's torque specifications.
 - Install a lowprofile gas block as the barrel is not compatible with fixed front sight bases.
 - Doublecheck all connections and ensure the barrel is securely attached.

2. Usage:

- Load your firearm with appropriate 5.56x45 NATO ammunition.
- Ensure the gas system is properly functioning before firing.
- Fire the firearm in a safe environment, following all general safety guidelines.
- Monitor the barrel for overheating during extended shooting sessions. Allow it to cool as necessary.

Disposal Instructions

- Dispose of the barrel in accordance with local regulations regarding firearm components.
- If the barrel is damaged or no longer usable, consider contacting a local firearms dealer or recycling center that specializes in firearm disposal.

Contact Information for Further Support

For any safety inquiries or concerns regarding your V2 Combat Grade 5.56x45 NATO Rifle Barrel, please reach out to your authorized dealer or manufacturer.

Conclusion

Your safety is our priority. By following these guidelines, you can ensure the safe and effective use of your V2 Combat Grade 5.56x45 NATO Rifle Barrel. Always stay informed and proactive about firearm safety. Thank you for your commitment to responsible firearm ownership.
