[Rifle Parts](#) > [Barrel Parts](#) > [Rifle Barrels](#)

AR-15 COMBAT V2 5.56X45 NATO RIFLE BARREL The SOLGW V2 profile was designed with customers' needs in mind, delivering increased accuracy while balancing suppressed handling and performance. With the significantly increased chamber support, the V2 contour barrels are better suited for modern configurations where lights, lasers and suppressors all add to a commonly muzzle heavy carbine. The transfer of material to the rear of the barrel helps to offset the weight of accessories, and stiffens the barrel at the same time - reducing POI shifts between suppressed and unsuppressed use. The gas journal length has been shortened as well to optimized weight distribution, so please note that fixed front sight bases will not fit on this barrel, only low-profile gas blocks. V2 barrels remain appropriately gassed for use with or without a suppressor of your choosing. The Cold Hammer Forged version is a great option for shooters who frequently get their carbines hot, and are looking for a highly durable barrel. SPECS: 4150 CMV, HP/MPI, QPQ, 1:7 twist Dimpled for gas block set screw. .750" Gas Journal 1/2"x28 muzzle threads

Attributes

V2 Combat Grade 5.56X45 NATO Rifle Barrels

Safety Instruction Guide

Introduction

Thank you for choosing the V2 Combat Grade 5.56X45 NATO Rifle Barrel for your AR15. This guide provides essential safety instructions to ensure the safe and effective use of your product. Please read this manual carefully before installation and usage to prevent accidents and ensure compliance with EU General Product Safety Regulations (GPSR).

General Safety Guidelines

- Always handle firearms and firearm components with care and responsibility.
- Ensure that you are of legal age and possess the necessary licenses to own and operate firearms in your jurisdiction.
- Store the barrel and all related components securely and out of reach of children and unauthorized users.
- Regularly inspect your barrel for any signs of wear, damage, or corrosion before each use.
- Only use ammunition that is compatible with the 5.56X45 NATO specifications.
- Follow all local laws and regulations regarding firearm use and ownership.

Specific Safety Precautions for Use

- Always wear appropriate eye and ear protection when firing your rifle.
- Ensure the rifle is unloaded and pointed in a safe direction when installing or adjusting the barrel.
- Do not exceed the manufacturer's recommended load specifications.
- Avoid using the barrel with accessories that may interfere with its performance, such as incompatible gas blocks.
- Be aware of the weight distribution of your rifle, especially when adding accessories like lights or suppressors.
- If you experience any malfunctions or unusual behavior while using the barrel, cease use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

1. Preparation:

- Ensure the rifle is unloaded and in a safe condition.
- Gather all necessary tools for installation, including a torque wrench and appropriate gas block.

2. Installation:

- Remove the existing barrel from your AR15 receiver according to the manufacturer's instructions.
- Install the V2 barrel by aligning the barrel extension with the receiver and securing it according to the recommended torque specifications.
- Install a lowprofile gas block, ensuring it is properly positioned on the gas journal.
- Attach the muzzle device using the 1/2"28 threads, ensuring a secure fit.

3. PostInstallation Check:

- After installation, doublecheck that all components are securely fastened.
- Perform a function check to ensure proper operation of the gas system.
- Ensure that the rifle is properly gassed for use with or without a suppressor.

4. Usage:

- When firing, maintain a firm grip on the rifle and ensure proper stance.
- Monitor the temperature of the barrel during extended firing sessions, as it may become hot.
- Clean the barrel regularly according to the manufacturer's recommendations to maintain performance and longevity.

Disposal Instructions

- Dispose of the barrel and any firearm components in accordance with local regulations.
- Do not discard in regular household waste. Contact local authorities or a licensed disposal service for proper disposal methods.

Contact Information for Further Support

For questions or concerns regarding the V2 Combat Grade 5.56X45 NATO Rifle Barrel, please consult the manufacturer's website or contact their customer service for assistance.

Conclusion

By following these safety instructions, you can ensure a safe and enjoyable experience with your V2 Combat Grade 5.56X45 NATO Rifle Barrel. Always prioritize safety and responsibility in all firearm-related activities. Thank you for your attention to these important guidelines.
