

MTAC 408 CALIBER (0.408') SINGLE FEED RIFLE BULLETS - CUTTING EDGE BULLETS MTAC 408 CAL (0.408") 395GR SOLID COPPER SINGLE FEED 50/BOX

[Reloading](#) > [Bullets](#) > [Rifle Bullets](#)

The Cutting Edge MTAC line of bullets are machined out of lead free solid copper bar stock on a CNC swiss lathe. These are a high BC, solid bullet designed exclusively for target use at all ranges. A unique feature of this bullet is their patented SealTite™ band which is a band slightly larger than caliber diameter around the bullet which was designed to eliminate fliers by preventing gas blow-by. The SealTite™ band also decreases copper fouling which is typically associated with mono metal bullets. The required twist rate for this bullet is 1:13" or faster. Due to their length, these MTAC bullets are designed to be single fed.

Attributes

- Name: [CUTTING EDGE BULLETS MTAC 408 CAL \(0.408"\) 395GR SOLID COPPER SINGLE FEED 50/BOX](#)
- Manufacturer: [CUTTING EDGE BULLETS](#)
- Product no.: 430110686
- Mfr. No.: MTAC 408 395 MAX
- Ballistic Coefficient (G1): 0.735
- Ballistic Coefficient (G7): 0.376
- Brand Style: Match Tactical
- Bullet Style: Copper Solid
- Caliber: 408 Caliber
- Diameter (in): 0.408
- Grain: 395
- Quantity: 50
- Delivery weight: 1.279kg
- UPC: 812191022545

Item details

Made in USA

Safety Instruction Guide for MTAC 408 Caliber (0.408") Single Feed Rifle Bullets

Introduction

Thank you for choosing the Cutting Edge MTAC 408 Caliber (0.408") Single Feed Rifle Bullets. This guide provides essential safety instructions to ensure safe handling, usage, and disposal of the product in compliance with the EU General Product Safety Regulation (GPSR). Please read this guide carefully before use.

General Safety Guidelines

- Always handle bullets and ammunition with care, treating them as potentially dangerous items.
- Store bullets in a cool, dry place, away from direct sunlight and moisture.
- Keep bullets out of reach of children and unauthorized individuals.
- Ensure that you are using the correct caliber and type of bullet for your firearm.
- Be aware of local laws and regulations regarding the use and storage of ammunition.
- Regularly check for any recalls or safety alerts related to the product.

Specific Safety Precautions for Use

- Use only in firearms that are designed for the specific caliber (0.408").
- Ensure that your firearm is in good working condition before using these bullets.
- Always wear appropriate safety gear, including eye and ear protection, when handling or firing ammunition.
- Do not attempt to modify or alter the bullets in any way.
- Avoid using damaged or deformed bullets, as they may pose a safety risk.
- Follow all manufacturer instructions for your firearm regarding ammunition use.

Instructions for Installation and Usage

- Confirm that your firearm is unloaded before inserting any bullets.
- Insert the MTAC bullets into the magazine or chamber as per the firearm's manual.
- Ensure that the bullet is seated correctly to avoid misfires or jams.
- When ready to fire, maintain a proper shooting stance and aim at a safe target.
- After firing, handle the firearm with care to avoid accidental discharge.
- Store any unused bullets in their original packaging to maintain their integrity.

Disposal Instructions

- Do not dispose of bullets in regular household waste.
- Contact your local waste management authorities for proper disposal methods for ammunition.
- If you have any unused or expired bullets, return them to a licensed dealer for safe disposal.
- Always ensure that bullets are safely stored until they can be disposed of properly.

Contact Information for Further Support

For any inquiries or safety concerns regarding the MTAC 408 Caliber (0.408") Single Feed Rifle Bullets, please refer to the product packaging for the EU-based contact information.

By following these safety guidelines and instructions, you can help ensure a safe and enjoyable experience with your Cutting Edge MTAC bullets. Remember to always prioritize safety and stay informed about best practices in ammunition handling.
