

# 416 Caliber (0.416") SINGLE FEED MTAC BULLETS - CUTTING EDGE BULLETS MTAC 416 CAL (0.416") SOLID COPPER SINGLE FEED 550GR 50/BOX

[Reloading](#) > [Bullets](#) > [Rifle Bullets](#)

The Cutting Edge MTAC line of bullets are machined out of lead free solid copper bar stock on a CNC swiss lathe. These are a high BC, solid bullet designed exclusively for target use at all ranges. A unique feature of this bullet is their patented SealTite™ band which is a band slightly larger than caliber diameter around the bullet which was designed to eliminate fliers by preventing gas blow-by. The SealTite™ band also decreases copper fouling which is typically associated with mono metal bullets. The required twist rate for this bullet is 1:13" or faster. Due to their length, these MTAC bullets are designed to be single fed.

## Attributes

- Name: [CUTTING EDGE BULLETS MTAC 416 CAL \(0.416"\) SOLID COPPER SINGLE FEED 550GR 50/BOX](#)
- Manufacturer: [CUTTING EDGE BULLETS](#)
- Product no.: 430110688
- Mfr. No.: MTAC 416 550 MAX
- Ballistic Coefficient (G1): 1.045
- Ballistic Coefficient (G7): 0.536
- Brand Style: Match Tactical
- Bullet Style: Copper Solid
- Caliber: 416 Caliber
- Diameter (in): 0.416
- Grain: 550
- Quantity: 50
- Delivery weight: 1.783kg
- UPC: 812191024174

## Item details

Made in USA

US export classification: 0A505.x

# Safety Instruction Guide for 416 Caliber (0.416") MTAC Bullets

## Introduction

Thank you for choosing the Cutting Edge MTAC 416 Caliber (0.416") Single Feed Bullets. These highperformance solid copper bullets are designed for target shooting and provide exceptional accuracy. This guide outlines important safety information to ensure the safe use of this product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that all users of this product are familiar with firearm safety principles.
- Always handle bullets with care to prevent accidents.
- Store bullets in a cool, dry place away from direct sunlight and moisture.
- Keep bullets out of reach of children and unauthorized users.
- Regularly check for product recalls and safety updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always wear appropriate eye and ear protection when using firearms.
- Do not use these bullets in firearms that are not specifically designed for 416 caliber ammunition.
- Ensure that the firearm is in good working condition before use.
- Use the correct twist rate (1:13" or faster) to ensure optimal performance and safety.
- Avoid using these bullets in close proximity to people or animals.
- Do not attempt to modify or alter the bullets in any way.

## Instructions for Installation and Usage

### 1. Loading the Bullets:

- Ensure the firearm is unloaded before loading bullets.
- Carefully load one bullet at a time into the chamber, ensuring it is seated properly.
- These bullets are designed for single feeding; do not attempt to load them into a magazine.

### 2. Firing the Bullets:

- Always follow the manufacturer's instructions for your specific firearm.
- Aim in a safe direction and ensure the area is clear before firing.
- Keep your finger off the trigger until you are ready to shoot.

### 3. PostUse Care:

- After use, clean your firearm according to the manufacturer's instructions.
- Inspect the bullets for any signs of damage before storage.

## Disposal Instructions

- Dispose of any unused or damaged bullets in accordance with local regulations.
- Do not throw bullets in regular trash; contact local authorities for proper disposal methods.
- Ensure that bullets are stored safely until disposal to prevent accidents.

## **Contact Information for Further Support**

For any safety inquiries or further support regarding the 416 Caliber (0.416") MTAC Bullets, please consult the appropriate authorities or your local firearm dealer. Always prioritize safety and compliance with local laws.

Thank you for your attention to these safety guidelines. Enjoy your shooting experience responsibly!
